

## **Texas Cybersecurity Council Participation Application**

The Texas Cybersecurity Council was created by the Department of Information Resources as a result of Texas Senate Bill 988 from the 82nd Legislative Regular Session. This bill authorized the creation of the Texas Cybersecurity, Education, and Economic Development Council (TCEEDC). The TCEEDC provided recommendations to the Department of Information resources to develop partnerships between private industry and public sector, develop an exemplary cybersecurity workforce to protect technology resources, and develop strategies and solutions that ensure that Texas continues to lead in areas of cybersecurity at a national and international level.

The Council membership is comprised of participation tiers that limit the leadership and decision making authority to a select and specific group defined as Council Members, and a broad and open participation group defined as Council Partners.

### **Council Leadership**

The Council will be led by the Cybersecurity Coordinator, as designated by the Department Executive Director. The Council will elect a Vice-Chair that will fulfill the duties of the Chair if for any reason the Chair is temporarily unavailable. If the Vice-Chair cannot fulfill his or her term for any reason, the Council will elect a new Vice-Chair. The Department's Executive Director retains the authority for designation of the Cybersecurity Coordinator / Council Chair should for any reason the role require a replacement.
