<p>The SafeColleges SDS & Chemical Management System provides your administration with an easily-accessible, GHS compliant solution for storage and organization of your campus's safety data sheets. The annual subscription provides access to a comprehensive library of over 10,000 data sheets that are accessible from any device, anywhere on campus by employees, faculty members, staff and students. You can easily upload your existing SDS collection into our system. Organize your chemicals on campus by location (buildings) and by collection (rooms, labs and storage). Print secondary container labels with important hazard warnings and pictograms, posters with QR codes and organized physical binders. The system will also allow institutions to broadcast important messages to staff and students using the information center.</p>		
Initial Installation: \$100.00 per Administrator (\$500.00 minimum)	SLSCSDS	5.00%
Additional Administrator/Staff Member	SLSCSDSADD	5.00%
<p>SafeColleges Incident Tracking System The SafeColleges Incident Tracking System provides a web-based system to improve the ability to self-report incidents on campus, share data quickly and streamlines reporting and investigation workflows to build a consistent process across your entire campus. The annual subscription provides Students, faculty and staff, who often know what is happening on campus before you do, to report new incidents anytime, anywhere through any web-enabled device. No usernames or passwords are required – reported data flows directly into your system and incidents can be assigned immediately to the appropriate staff member. Data that gets inputted will automatically populate into multiple forms. Email notifications will alert administrators and staff when a report is submitted or needs to be reviewed. Built-in analytics and trend data pinpoint areas on campus that need attention in order to make cost-saving changes across your institution.</p>
