RE: Pricing agreement for AT&T ATM/Frame Relay

Insert the name of the eligible entity, as an existing DIR customer and a current subscriber to ATM/Frame Relay services provided by AT&T Corp. on behalf of itself and its affiliates ("AT&T"), do hereby declare the intent to migrate existing ATM/Frame Relay service exclusively to AT&T AVPN (MPLS) service under the same contract under which the ATM/Frame Relay services are provided.

As a result of this declaration, AT&T will maintain the existing ATM/Frame Relay prices through December 31, 2013. AT&T will also provide for a reasonable transition period of up to two weeks per circuit, during which time customer shall be billed only for the ATM Frame Relay circuit.

It is understood that the migration must be completed by December 31, 2014. The revocation of this letter will result in additional charges being assessed by AT&T back to March 1, 2012, such additional charges will be the difference between the rates offered as a result of this letter of declaration and the TEX-AN NG rates located in Exhibit C of DIR Contract No. DIR-TEX-AN-NG-CTSA-005.

Furthermore, failure to provide this signed letter of declaration by December 31, 2011 shall result in customer being billed at the rates for the AT&T ATM/Frame Relay, as defined in the pricing schedules located in Exhibit C of DIR Contract No. DIR-TEX-AN-NG-CTSA-005, starting March 1, 2012.
