

## Pricing Index – Appendix C

### DIR Contract Number DIR-TSO-3415

#### Definitions:

**Attainment Tier:** The range of total Government Subscriber voice and data lines, and M2M Line with a monthly access fee of \$34.99 or higher, that are activated under the resulting Agreement at any time, including the lines of participating parents and affiliates as per the “Purchases by Parents and Affiliates” section in the resulting Agreement. Customer’s initial Attainment Tier is indicated in the checked box below.

**Government Subscriber:** An employee of Customer utilizing Wireless Service whose account is set up in Customer’s name and for which Customer bears payment responsibility.

**Equipment:** Wireless telephones, data modems and similar devices and ancillary accessories used in conjunction with Wireless Service.

**Wireless Service:** Each and every radio service provided directly or indirectly by Verizon Wireless.

**Eligible Plan(s):** Any generally available Verizon Wireless voice, data or M2M plan with a monthly access fee of \$34.99 or higher that does not prohibit discounts.

**Eligible Data Feature(s):** Any generally available Verizon Wireless data feature with a monthly access fee of \$24.99 or higher, added to an Eligible Calling Plan, that does not prohibit discounts.

**Machine to Machine Service (“M2M Service”):** M2M refers to use of the Wireless Service for the transmission of data between wireless devices and computer servers or other machines, or between wireless devices, with limited or no manual intervention or supervision.

**M2M Line(s):** An individual line of M2M Service used under this Pricing and Equipment Proposal which is set up in Customer’s name and for which Customer bears responsibility.

**Plans, Features, Rates and Charges:** The voice, data or M2M plan and any options, features or applications that are selected by the Customer determine the applicable rates, charges, allowance of minutes or megabytes and Wireless Service coverage area for each line. Some plans may have restrictions on the type of Equipment that can be activated on them. Information about retail plans, options, features, and applications (*i.e.*, those that Verizon Wireless makes generally available to consumers or business customers) and their terms and conditions may be obtained at Verizon Wireless stores, on verizonwireless.com or from Verizon Wireless business sales representatives. The voice, data or M2M plan monthly access fees and non-promotional allowance of minutes and/or megabytes for each line will not change during the Line Term as long as Customer does not change plans on that line. As detailed in the contract, rates, charges and fees, listed in Appendix C, Pricing (excluding FUSF), may be changed following the formal Amendment process Verizon Wireless may discontinue any retail plans, options, features and applications for new activations without notice. If Customer changes or upgrades Equipment, Verizon Wireless may require it to change to a then-current plan that is compatible with the changed or upgraded Equipment. Customer may not activate Equipment purchase at a discount from Verizon Wireless on M2M Lines. Government discounts and pricing may not be available to purchases made through agents or at retail store locations.

**Federal Universal Service Fee (FUSF):** Verizon is authorized to charge FUSF fees to DIR Customers.

**Term of Lines (“Line Term”):** The term for each line (the “Line Term”) begins on the date Wireless Service is activated for that line and continues for the period required by the calling plan or Equipment selected for that line (usually 1 year). Line Term extensions are required when Customer: (a) takes advantage of promotions or services that require a Line Term extension; or (b) purchases or upgrades Equipment except for ancillary accessories used in conjunction with Wireless Service. When the Line Term expires, Wireless Service continues on a month-to-month basis. Activation fees are waived for Government Subscribers on voice and data plans and for M2M Lines.

**Early Termination Fees (“ETF”):** ETFs are waived for Government Subscribers.

**M2M Management Center:** The Machine-to-Machine Management Center (“M2M Management Center”) provides Customer with the ability to remotely monitor and manage its M2M devices. If Customer desires to access and use the M2M Management Center, it must so request in writing, and Verizon Wireless shall provision the M2M Management Center on Customer’s account. Applicable rates and charges, if any, shall be set forth in this Addendum. The M2M Management Center set-up time is estimated to take four to six weeks. The rights granted to Customer herein for access to and use of the M2M Management Center are specific to Customer and may not be transferred to another party without Verizon Wireless’ prior written consent. Verizon Wireless retains full and exclusive ownership of all intellectual property rights associated with the M2M Management Center including any alterations, modifications, improvements and derivative works thereof.

**Grandfathered Pricing.** All existing State agency lines purchasing under expired Contracts for Wireless Voice & Data Products between the State and the Vendor will migrate immediately to this Contract as inactive plans. Vendor will allow the State of Texas’ existing non-state agency Government Subscribers who are currently procuring services from Vendor pursuant to previously offered calling plans contained in their existing agreements (“Grandfathered Agreements”), to continue receiving such services at the pricing, terms and conditions contained in such Grandfathered Agreements until such Subscribers either migrate to the pricing under this Agreement as set forth below or terminate pursuant to the Grandfathered Agreements; however, such inactive calling plans and associated discount programs contained in the Grandfathered Agreements will no longer be available for Customer’s Subscribers activating service, upgrading a device, or changing calling plans. Any monthly access discounts, usage discounts, revenue discounts or rebates currently offered under such Grandfathered Agreements shall be discontinued upon execution of this Agreement. Previously offered inactive calling plans (“Grandfathered Pricing”) will be subject to the terms and conditions of DIR-TSO-3415 Section 5. DIR Administrative Fee only. Existing Government Subscribers procuring services under such Grandfathered Agreements are not eligible for equipment upgrades until such Subscribers migrate to the pricing under this Agreement. Additionally, such Subscribers will not be eligible to participate in any access or usage discounts or other benefits available under this Agreement until such Subscribers migrate to an applicable pricing plan available under this Agreement. All State of Texas Government Subscribers must migrate to the current pricing available under DIR-TSO-3415 no later than December 31, 2016. State of Texas Government Subscribers participating in the E-rate program must migrate to the pricing under this Agreement no later than June 30, 2017 to correspond with the end of the 2016-2017 E-rate funding year.

**Accessory Discount.** Government Subscribers are eligible to receive a 35% discount from the retail price of qualifying accessories.

## Public Safety Custom Plans

### Custom 4G Unlimited Smartphone Plan with Mobile Broadband Priority for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Only 4G LTE GSM/UMTS global-capable smartphones can be activated on this plan.

Monthly Access Fee	\$39.99 (16807)
Monthly Minutes in U.S	Unlimited
Domestic Data Allowance <sup>(1)</sup>	Unlimited
Domestic Messaging Allowance	Unlimited
<b>Optional Features</b>	
Domestic Mobile Hotspot	\$5.00 additional per month (76440)
Push-to-Talk	\$2.00 additional per month (81129/81174)
<p><b>Notes:</b> No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G network, while available. (1) Data usage on this rate plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event data usage exceeds 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced to 600kbps for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 480p. This service plan includes Mobile Broadband Priority and Preemption. Mobile Broadband Priority allows customers to connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted. This service plan is available to National Security, Public Safety, and First Responders customers only as defined by the following NAICS (formerly SIC) Codes:</p>	
621910 Ambulance Services	923120 Administration of Public Health Programs
922110 Courts	928110 National Security
922120 Police Protection	926120 Regulation and Administration of Transportation Programs
922130 Legal Counsel and Prosecution	926150 Regulation, Licensing, and Inspection of Commercial Sectors
922140 Correctional Institutions	926130 Regulation and Administration of Comms, Electric, Gas, Utilities
922150 Parole Offices and Probation Offices	921150 American Indian and Alaska Native Tribal Governments
922160 Fire Protection (except private)	921190 Other General Government Support
922190 Other Justice, Public Order, and Safety Activities	921110 Executive Offices

## Custom 4G Unlimited Basic Phone Plan for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Monthly Access Fee	\$22.99 (16810)
Monthly Minutes in U.S	Unlimited
Domestic Data Allowance	100MB
Domestic Messaging Allowance	Unlimited
Domestic Data Overage	\$10.00 per GB
<b>Optional Features</b>	
Push to Talk	\$2.00 additional per month (device dependent)
<b>Notes:</b> No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G network, while available. This service plan is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:	
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Commercial Sectors 926130 Regulation and Administration of Comms, Electric, Gas, Utilities 921150 American Indian and Alaska Native Tribal Governments 921190 Other General Government Support 921110 Executive Offices

## Custom 4G Unlimited Push to Talk Only Plan for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Monthly Access Fee	\$17.99 (96626-4G Only and 96625-3G/4G)
Monthly Push to Talk Minutes	Unlimited
Domestic Voice Per Minute Rate	\$0.25
<b>Notes:</b> No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G network, while available. This service plan is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:	
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Commercial Sectors 926130 Regulation and Administration of Comms, Electric, Gas, Utilities 921150 American Indian and Alaska Native Tribal Governments 921190 Other General Government Support 921110 Executive Offices

## Mobile Broadband Priority Feature for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

<b>Monthly Access Fee</b>	<b>\$0.00 (86124)</b>
<p><b>NOTE:</b> Mobile Broadband Priority allows customers to connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. This feature is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:</p>	
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Commercial Sectors 926130 Regulation and Administration of Comms, Electric, Gas, Utilities 921150 American Indian and Alaska Native Tribal Governments 921190 Other General Government Support 921110 Executive Offices

## Verizon Wireless Preemption Service Feature for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

<b>Monthly Access Fee Per MDN</b>	<b>\$0.00 (86428 Basic/Smart Phone and 86433 Non-Phone)</b>
<p><b>NOTE:</b> Preemption Service ("Preemption") is a capability that reallocates network resources to customers so that they can connect in emergencies. In those uncommon times when the network is fully utilized, Preemption automatically activates to provide approved personnel uninterrupted access to the network. It helps ensure our national security, public safety, and first responder customers can continue to communicate with each other during times of high network use. Preemption capability is available on the Verizon Wireless 3G and 4G LTE data network. While Preemption capability may also be available on the networks of Verizon Wireless's domestic roaming partners, Verizon Wireless makes no representation of Preemption availability or reliability on such networks. Preemption is limited to select service rate plans and cannot be used in conjunction with devices or service plans utilized with dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited from using this feature. Please note: Calls to 911 are never preempted. This feature is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:</p>	
621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Commercial Sectors 926130 Regulation and Administration of Comms, Electric, Gas, Utilities 921150 American Indian and Alaska Native Tribal Governments 921190 Other General Government Support 921110 Executive Offices

# Custom 4G Unlimited Mobile Broadband Plan with Mobile Broadband Priority and Preemption for National Security, Public Safety, and First Responders

Government Liable Subscribers Only

The plan below reflects the monthly access charge discount. No additional discounts apply.

Only 4G LTE GSM/UMTS global-capable devices can be activated on this plan.

<b>Monthly Access Fee</b>	<b>\$37.99 (20312)</b>
<b>Domestic Data Allowance(1)</b>	Unlimited

Notes: No domestic roaming or long distance charges. Coverage includes the Verizon Wireless 4G network; and the 3G and 3G Extended networks, while available. (1) Data usage on this rate plan is not subject to speed reductions ("throttling") within a given billing cycle. However, in the event data usage exceeds 25GB each billing cycle for three (3) consecutive billing cycles, data throughput speeds will automatically be reduced to 600kbps for data usage exceeding 25GB per billing cycle on a go-forward basis. Data usage for actively engaged and deployed fire, police, emergency medical technicians, emergency management agency, and assigned federal law enforcement users on this plan will not be subject to speed reductions regardless of data usage during any billing cycle. To ensure users are able to maximize their high-speed data use for business applications, video applications will stream at 720p. This service plan includes Mobile Broadband Priority and Preemption. Mobile Broadband Priority ensures customers can connect to the network with priority by leveraging a pool of radio resources dedicated to enable their connection. Mobile Broadband Priority identifies the user with an Access Priority setting, giving them higher priority for network access than lower Access Class users. Preemption automatically activates to provide approved personnel uninterrupted access to the network in those uncommon times when the network is fully utilized. 911 calls are never preempted. Devices utilized in conjunction with this plan are limited to mobile device applications. Dedicated internet connections (including but not limited to, stationary wireless networking router devices), streaming video on non-smartphone devices (including but not limited to, body cameras and stationary video surveillance cameras), and IoT devices are expressly prohibited on this rate plan. This plan is only available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS Codes: (PP# 20300)

621910 Ambulance Services 922110 Courts 922120 Police Protection 922130 Legal Counsel and Prosecution 922140 Correctional Institutions 922150 Parole Offices and Probation Offices 922160 Fire Protection (except private) 922190 Other Justice, Public Order, and Safety Activities	923120 Administration of Public Health Programs 928110 National Security 926120 Regulation and Administration of Transportation Programs 926150 Regulation, Licensing, and Inspection of Commercial Sectors 926130 Regulation and Administration of Comms, Electric, Gas, Utilities 921150 American Indian and Alaska Native Tribal Governments 921190 Other General Government Support 921110 Executive Offices

## Private Responder Core Service for National Security, Public Safety, and Emergency Preparedness

Government Liable Subscribers Only

<b>Monthly Access Fee</b>	<b>\$0.00</b>
---------------------------	---------------

Verizon Wireless Private Responder Core Service for National Security, Public Safety, and First Responders (“Private Core”): Private Core separates wireless data communications from commercial and consumer traffic on our network.. This service is available to National Security, Public Safety, and First Responder customers only as defined by the following NAICS (formerly SIC) Codes:

<p><b>National Security/ First Responders / Public Safety</b></p> <ul style="list-style-type: none"> <li>• 621910 Ambulance Service</li> <li>• 922110 Courts</li> <li>• 922120 Police Protection</li> <li>• 922130 Legal Counsel and Prosecution</li> <li>• 922140 Correctional Institutions</li> <li>• 922150 Parole Offices and Probation Offices</li> <li>• 922160 Fire Protection (except private)</li> <li>• 922190 Other Justice, Public Order and Safety Activities</li> <li>• 928110 National Security</li> <li>• 921190 Other General Government Support</li> <li>• 921110 Executive Offices</li> <li>• 921150 American Indian/Alaska Native Tribal Governments</li> </ul> <p><b>Water</b></p> <ul style="list-style-type: none"> <li>• 924110 Water Infrastructure</li> <li>• 221320 Sewage Treatment Facilities</li> <li>• 221310 Water Supply and Irrigation Systems</li> </ul> <p><b>Transportation</b></p> <ul style="list-style-type: none"> <li>• 482111 Railway Transportation</li> <li>• 481111 Passenger Air Transportation</li> <li>• 481112 Freight Air Transportation</li> <li>• 483111 Shipping Transportation</li> <li>• 926120 Transportation Administration</li> <li>• 491110 Postal Service</li> <li>• 926120 Public Transportation</li> <li>• 926120 Regulation and Administration of Transportation Programs</li> </ul> <p><b>Information Technology</b></p> <ul style="list-style-type: none"> <li>• 541512 Computer Integration</li> <li>• 541519 Computer Disaster Recovery</li> </ul>	<p><b>Chemical</b></p> <ul style="list-style-type: none"> <li>• 561612 Protective Services</li> <li>• 541330, 541690 Chemical Engineering and Consulting</li> <li>• 239210 Pharmaceutical</li> </ul> <p><b>Communications</b></p> <ul style="list-style-type: none"> <li>• 517110 Telecommunications, Wired</li> <li>• 517212 Cellular and other Wireless Telecommunications</li> <li>• 238210, 334290 and 561620 Alarm Systems</li> </ul> <p><b>Critical Manufacturing</b></p> <ul style="list-style-type: none"> <li>• 237310 Highway, Street and Bridge Construction</li> <li>• 811310 Industry Equipment Repair</li> <li>• 236210 Industrial Building Construction</li> <li>• 211113 Extraction; 236220 Construction Management</li> <li>• 926150 Regulation, Licensing and Inspection of Miscellaneous Commercial Sectors</li> </ul> <p><b>Energy</b></p> <ul style="list-style-type: none"> <li>• 333611 Wind Turbine</li> <li>• 221111 Hydroelectric Power Generation</li> <li>• 221122 Electric Power Distribution</li> <li>• 221118 Other Electric Power Generation</li> <li>• 221210 Natural Gas Distribution</li> <li>• 926130 Regulation and Administration of Communications, Electric, Gas and Other Utilities</li> <li>• 221113 Nuclear Electric Power Generation</li> <li>• 562211 Hazardous Waste Treatment and Disposal</li> </ul> <p><b>Healthcare and Public Health</b></p> <ul style="list-style-type: none"> <li>• 621112 Health Care Practitioners</li> <li>• 923120 Public Health Programs</li> </ul>

## 4G LTE Private Network Traffic Management (PNTM)

Government Subscribers Only

Metered Data Pricing only. Not compatible with Unlimited Data Plans

The plans below reflect any applicable discount. No additional discounts apply.

<b>Class of service ("CoS")</b>	Customer can allocate bandwidth for applications into the Mission Critical CoS according to the PNTM Service Option selected.
<b>Mission Critical CoS Applications</b>	Recommended for video, Voice over IP, interactive services, and other mission critical applications.
<b>Best Effort CoS Applications</b>	Suitable for best effort applications (e.g. email, web browsing)

PNTM Service Options:	Enhanced (Entry Level)	Premium (Mid Level)	Public Safety (Highest Level) <small>(Qualifying Public Safety NAICS Only)</small>
Monthly Access Fee (per line)	Waived - \$0.00	Waived - \$0.00	Waived - \$0.00
Mission Critical CoS Speeds	Mapped Up to 0.5 Mbps	Mapped Up to 2 Mbps	Mapped Up to 2 Mbps
Best Effort CoS Applications Speeds	Remaining available 4G LTE bandwidth	Remaining available 4G LTE bandwidth	Remaining available 4G LTE bandwidth
RF Priority on access network	N/A	N/A	During heavy network usage periods

**Qualifying Public Safety NAICS:** Public Safety Subscribers classified with the following NAICS codes, performing First Responder responsibilities only. The Public Safety PNTM service option is not an on demand service. The Public Safety PNTM must be provisioned on the account prior to use in the event of an emergency situation.

621910 Ambulance Services	923120 Administration of Public Health Programs
922110 Courts	928110 National Security
922120 Police Protection	926120 Regulation and Administration of Transportation Programs
922130 Legal Counsel and Prosecution	926150 Regulation, Licensing, and Inspection of Commercial Sectors
922140 Correctional Institutions	926130 Regulation and Administration of Comms, Electric, Gas, Utilities
922150 Parole Offices and Probation Offices	921150 American Indian and Alaska Native Tribal Governments
922160 Fire Protection (except private)	921190 Other General Government Support
922190 Other Justice, Public Order, and Safety Activities	921110 Executive Offices

Notes. 4G LTE Private Network subscribers with unlimited data plans are ineligible for Private Network Traffic Management. This service is only available while on Verizon Wireless' 4G network and is not available while roaming. VZ Private IP (MPLS) connectivity is recommended and may be required. PNTM relies on customer's applications (VoIP, video, etc.) to appropriately mark IP sessions in order to prioritize their application over the 4G LTE Private Network using Internet Protocol Differentiated Services Code Point (IP DSCP). PNTM 4G LTE device must be certified for use on the Verizon Wireless network (e.g. Open Development/Open Access certified, validated for Private Network and Private Network Traffic Management.)

## Verizon Wireless Calling Plan and Features Details

**Verizon Wireless Calling Plan Optional Services. Additional fees may be required as per the individual calling plans.**

**Calling Plans and Associated Charges:** Some calling plans or monthly access price points may not be available in all markets. Subscriber's first partial and full month's access will not be refunded after activation of the Wireless Service. Activation fees are waived for all Government Subscribers. Charges for calls will be based on the cell sites used, which may be outside the calling plan coverage area even when the Subscriber is physically within the coverage area. Time of the call is based on the telephone switching office that carries the call, which may be different from the time of day shown on Subscriber's phone. Rates do not apply to credit card or operator-assisted calls, which may be required in certain areas. Usage rounded up to the next full minute. Unused minutes and/or Megabytes are lost. On outgoing calls, charges start when Subscriber first presses SEND or the call connects to a network, and on incoming calls, when the call connects to a network (which may be before it rings). A call may end several seconds after Subscriber presses END or the call otherwise disconnects. Calls made on the Verizon Wireless network, are only billed if they connect (which includes calls answered by machines). Billing for airtime and related charges may sometimes be delayed. Calls to "911" and certain other emergency services are toll-free and airtime-free, however, airtime may be charged when dialing toll-free numbers. All features may not be available in all Verizon Wireless markets.

**Home Airtime and Roaming:** Home airtime minutes apply when making or receiving calls from a calling plan's home rate and coverage area. Coverage information is available at [www.verizonwireless.com](http://www.verizonwireless.com). Airtime is rounded up to the next full minute. Allowance minutes/Megabytes are not transferable except as may be available on calling plans with sharing. Subscribers must periodically dial \*228 to update roaming information. Automatic roaming may not be available in all areas and rates may vary. Roaming charges may be delayed to a later bill.

**Long Distance:** Unlimited domestic long distance is included when calling from the calling plan's home rate and coverage area, unless otherwise specified in the calling plan.

**Customer's Cell Phone Number and Caller ID.** Verizon Wireless will assign one Mobile Telephone Number ("MTN") to each Subscriber line. Other than as required to port an MTN, Customer does not have any property right in the MTN and Verizon Wireless may change, reassign, or eliminate an MTN upon reasonable notice to Customer under certain circumstances, including fraud prevention, area code changes and regulatory or statutory law enforcement requirements.

### Verizon Wireless Calling Plan Included Features

Call Waiting <sup>1,6</sup>	Three Way Calling <sup>1,6</sup>
Call Forwarding <sup>6</sup>	No Answer/ Busy Transfer <sup>6</sup>
Caller ID <sup>2,6</sup>	Basic Voice Mail <sup>3,6</sup>
411 Connect <sup>sm</sup> <sup>4,6</sup> (Directory Assistance)	Basic TTXt Messaging <sup>5</sup>

<sup>1</sup>Airtime charges apply to all calls simultaneously.

<sup>2</sup>When making a call, Subscriber's MTN may be displayed to the receiving party with Caller ID capable Equipment. Caller ID service may not be available outside home airtime rate and coverage areas, and may not be compatible with certain enhanced features. Caller ID can be blocked for most calls by dialing \*67 before each call, or by ordering per-line call blocking where available. Calls to some numbers, such as toll-free numbers, cannot be blocked.

<sup>3</sup>Airtime charges apply to message retrieval.

<sup>4</sup>411 Connect, directory assistance with automatic call completion is subject to a per call fee plus airtime charges. Directory assistance rates are subject to change.

<sup>5</sup>TXt Messaging offered at the prevailing rate, currently \$0.02 per inbound and \$0.10 per outbound message per address. TXt message charges are subject to change.

<sup>6</sup>Feature not included on NationalAccess and BroadbandAccess Unlimited or Megabyte (MB) calling plans at no charge, but are available at the prevailing Verizon Wireless rates.

**Push to Talk Plus:** Push to Talk Plus (PTT+) capable Equipment required. Push to Talk Plus capable Equipment can only be used with a Push to Talk Plus calling plan. **Subscribers switching from a Push to Talk Plus Calling Plan to another calling plan may not be able to use certain Push to Talk Plus capable Equipment with the new plan.** Push to Talk Plus calls may only be made with other Verizon Wireless Push to Talk Plus subscribers. Push to Talk Plus Subscribers may initiate or participate on a call, simultaneously, with as many as 250 total participants (total is limited to (50) if interoperating between 3G and 4G participants). Administrators can be designated to manage the Push to Talk contact lists via a single website interface with a single user name/password. Existing Push to Talk Subscriber Equipment may require a software upgrade to use Push to Talk Plus or replacement with a Push to Talk Plus capable device. Push to Talk Plus is only available within the National Enhanced Services Rate and Coverage Area and WiFi access points. There will be a delay from the time a Push to Talk Plus call is initiated until the Push to Talk Plus call is first received by the called party. If an incoming voice call is received while on a Push to Talk Plus call the voice call may be answered and the Push to Talk Plus placed on hold. If an incoming Push to Talk Plus call is received while on a Push to Talk Plus call the PTT call icon can be selected to connect to the Push to Talk Plus call. If the incoming voice or Push to Talk Plus call is not answered a missed call alert will display. Network registration information will be sent to the Equipment each time it is powered on in the National Enhanced Services Rate and Coverage Area, each time the Subscriber travels into the National Enhanced Services Rate and Coverage Area, and every 12 hours if the Subscriber stays within the National Enhanced Services Rate and Coverage Area. While the updated network registration information is being sent to the Equipment, incoming voice calls will go directly to voice mail. Contact list cannot be modified from certain Equipment. Subscriber cannot prevent others who have the Subscriber's MTN from entering the MTN into their Push to Talk contact list. Only one person can speak at a time during a Push to Talk Plus call. In-Call Talker Override (Talker Priority) allows a pre-determined user priority to take the floor to communicate urgent message over

participant. Push to Talk Plus services cannot be used for (i) access to the Internet, intranets or other data networks, except as the device's native applications & capabilities permit, (ii) any applications that tether Equipment to laptops, personal computers or other devices for any purpose. Please visit our website [www.verizonwireless.com](http://www.verizonwireless.com) for additional Push to Talk Plus information.

**Mobile to Mobile:** Mobile to Mobile minutes apply when making calls directly to or receiving calls directly from another Verizon Wireless Subscriber while in the America's Choice Home Rate and Coverage area. Mobile to Mobile does not apply to fixed wireless devices with usage substantially from a single cell site, for Push to Talk Plus calls, if Call Forwarding or No Answer/Busy Transfer features are activated, or to data usage. Mobile to Mobile is not available to Subscribers whose current wireless exchanges restrict the delivery of Caller ID. Mobile to Mobile minutes will be applied before home airtime minutes.\*

**Night and Weekends:** Applies to calls made in a calling plan's home rate and coverage area only during the following hours: 9:01pm Friday through 5:59am Monday and 9:01pm to 5:59am Monday through Friday.\*

\*NOTE: If both Night and Weekend and Mobile to Mobile minute allowances apply to a given call, Mobile to Mobile minutes will apply before Night and Weekend minutes. However, if either allowance is unlimited, the unlimited allowance will always apply first.

**TXT Messaging:** TXT Messaging includes Short Message Service (SMS up to 160 characters) and Enhanced Messaging Service (EMS up to 1120 characters). Enhanced TXT Messages sent to most SMS handsets will be delivered as multiple TXT messages of up to 160 characters each. Subscribers have the option to have text messages disabled entirely without affecting voicemail or other related services. TXT Messaging plans do not include Operator Assisted Messaging or International Messaging, which is available for 25¢ per message sent and 10¢ per message received; see [www.vtext.com](http://www.vtext.com) for details and countries. Verizon Wireless is not responsible for information sent using TXT Messaging or Enhanced TXT Messaging. Verizon Wireless cannot guarantee that messages will be received and is not responsible for messages that are lost or misdirected. Messages not delivered after 5 days are automatically deleted. Airtime charges do not apply to the sending or receiving of text messages. When sending messages from Equipment, the sender's MTN will always be sent to the destination, even if Caller ID is used to block voice calls.

**Mobile to Mobile Messaging:** Cannot be combined with any other package that includes a TXT or PIX&FLIX allowance. Mobile to Mobile Messaging applies only to TXT/ PIX/ FLIX messages sent to and received from other Verizon Wireless Subscribers' phones, while both wireless Subscribers are within the National Enhanced Services Rate and Coverage Area. Additional messages apply to PIX Place, VTEXT/ TXT Alerts/getAlerts, Instant Messaging (IM), Email, Premium Text Services, TXT/PIX/FLIX sent to non-Verizon Wireless customers, these messages will be decremented from the Subscriber's Additional Message allowance, or billed as overage. Additional Messages may not be applied toward International TXT Messaging, which cost 25¢ per message sent and 10¢ per message received; see [www.vtext.com](http://www.vtext.com) for details and countries.

**Multi-Media Messaging (MMS):** Multi-Media Messaging (MMS) includes Picture (PIX) and Video (FLIX) messaging and is only available within the National Enhanced Services Rate and Coverage Area. In addition to MMS charges, MMS uses calling plan home airtime minutes or kilobytes. Canceling an MMS after pressing SEND may result in sent messages that contain only partial content. Subscriber will be charged for outgoing MMS, even if not received by the intended recipient, or even if only partial content is delivered. Subscriber will not be charged for incoming MMS unless received. MMS that cannot be delivered within 5 days will be deleted. MMS is not available for use with a Mobile Office Kit. Camera phones are prohibited in some places. Subscribers are solely responsible for complying with all applicable laws, rules, regulations and policies regarding camera phone use.

**International Eligibility:** International Eligibility requires a minimum payment history and credit approval; a contract term and security deposit may also be required. Failure to maintain these requirements may result in suspension of International Eligibility without notice. You can remove International Eligibility at any time by calling Customer Service. You are responsible for any unauthorized use of your SIM Card and will safeguard security codes. Upon termination of service, destroy your SIM Card. See [verizonwireless.com/global](http://verizonwireless.com/global) for details.

**International Long Distance:** International Long Distance is available but may be subject to a 90-day payment history with Verizon Wireless. International long distance rates will vary and do not apply to calls to Canada, Puerto Rico, the U.S. Virgin Islands and some U.S. Protectorates, or to credit card or operator assisted calls. You need International Eligibility to make international calls to most countries, but you can make calls to some North American destinations without it. Additional surcharges may apply when calling certain countries; see [verizonwireless.com/global](http://verizonwireless.com/global) for details.

**Verizon Wireless International Long Distance Value Plan:** Requires subscription to a qualifying calling plan and international dialing capability (I-DIAL). The ability to make international calls is not guaranteed and may be restricted without notice. Rates apply only on calls to Value Plan countries made from calling plan home airtime rate and coverage areas. If a calling plan includes calls to any Value Plan country, those calls will be billed per the requirements of the calling plan except when roaming on another carrier's network, in which case that carrier's rates will apply. Current international calling rates may be found at [www.verizonwireless.com](http://www.verizonwireless.com).

**International Roaming (Global Phone):** Availability of calling features and TXT messaging varies by country and network. Existing Subscribers who purchase a Global Phone may have to set up a new voice mailbox and, if so, will lose access to previously stored messages upon activation of Global Phone. Voice mail messages will be time-stamped Eastern Time. Calls to voice mail will appear on the bill as calls to the Subscriber's MTN. Actual availability of service in foreign countries may vary and is subject to change. Taxes and other regulatory surcharges may apply and may vary by country. While roaming on another carrier's wireless network, dialing rates and country availability may vary due to the roaming carrier's international dialing policies. Billing for airtime used when roaming may be delayed up to two billing cycles. By using Equipment outside the United States, Subscriber is solely responsible for complying with all applicable foreign laws, rules and regulations ("Foreign Laws"), including Foreign Laws regarding use of wireless phones while driving and use of wireless camera phones. Verizon Wireless is not liable for any damages that result from Subscriber's failure to comply with Foreign Laws.

**Roaming in GSM countries:** GSM Global Phone, activated in the United States with compatible Subscriber Identity Module (SIM) card required. Rates and plan details apply only when roaming on participating GSM networks in published Global Phone countries. Service may be available in additional countries, but airtime rates, availability of calling features, and ability to receive incoming calls (including return calls from emergency services personnel) may be restricted. Where TXT messaging is available, Customer will be charged \$0.50 for each message sent and \$0.05 for each message received. TXT messaging rates are subject to change. TXT messages cannot exceed 140 characters and may be sent only to MTNs

of (i) Verizon Wireless customers, and (ii) customers of foreign wireless carriers that participate in international text messaging. Check [www.vtext.com](http://www.vtext.com) for the most current list of participating foreign carriers. TXT messages cannot be sent to e-mail addresses.

## VZAccess and VZEmail (Mobile Broadband & Data Services)

**VZAccess and VZEmail Calling Plans and Features:** VZAccess includes NationalAccess (IXRTT) and BroadbandAccess (EVDO/4G) calling plans. VZEmail includes PDA/Smartphone and BlackBerry calling plans. VZAccess and VZEmail usage is subject to VZAccess Acceptable Use Policy, available on [www.verizonwireless.com](http://www.verizonwireless.com). VZEmail optional features may only be purchased in conjunction with eligible voice calling plan with a monthly access fee of \$34.99 or higher. Monthly Megabyte allowances apply only to NationalAccess and BroadbandAccess data transmissions. Other data (Quick 2 Net<sup>SM</sup> or dial-up) transmissions as well as voice calls will be billed at the per minute overage rate according to the VZAccess calling plan. For optional data features, "other data" will be billed as anytime minutes or at the per minute overage rate according to the underlying calling plan. When traveling outside the National Enhanced Services Rate and Coverage Area, Subscribers may be charged at the "other data" rate for data usage. NationalAccess data sessions require a NationalAccess capable PC Card, PDA, BlackBerry or handset with its compatible Mobile Office Kit, and must be placed within NationalAccess service area. BroadbandAccess data sessions require BroadbandAccess capable Equipment and must be placed within BroadbandAccess service area. PDA/Smartphone and BlackBerry users that move from a VZEmail plan or feature, or a Voice and Data Choice Bundle to another calling plan will not be able to use their PDA/Smartphone or BlackBerry on the new calling plan and will need to purchase or provide compatible voice Equipment to switch to the new calling plan. For current NationalAccess and BroadbandAccess service areas, please visit [www.verizonwireless.com](http://www.verizonwireless.com). All data sessions automatically terminate after 24 hours of activity and on unlimited calling plans after 2 hours if inactivity. Data session is inactive when no data is being transferred. Data session may seem inactive while data is actively being transferred to Equipment, or may seem active when it is actually cached and not transferring data. Subscriber MUST press or click END or DISCONNECT button to ensure that session disconnects and charges cease. Third-party applications may automatically reinitiate data sessions without the Subscriber pressing or clicking SEND or CONNECT button. Voice calls cannot be received when an e-mail or other data transmission is occurring. Voice calls are possible when NationalAccess data session is inactive; however, charges apply simultaneously to the data session and the voice call in accordance with the applicable calling plan. Voice calls are not available with BroadbandAccess. Customer must maintain virus protection when accessing the service. Customer is responsible for all charges, including all data sent and received and "overhead" whether or not Subscriber or recipients actually receive the data. "Overhead" is all data that is in addition to user-transmitted data, such as control, operational and routing instructions, error-checking characters and retransmissions of user-data messages that are received in error. VZEmail calling plans and optional features not available with PC cards or wireless modems, including wireless Equipment tethered to a PC. In order to use some VZEmail features and applications, Subscriber's PC (or server where applicable) must be powered on, able to receive e-mail, and have Equipment manufacturer software (BlackBerry Desktop, Wireless Sync or GoodLink) installed. If Equipment is turned off or if the Subscriber travels outside the NationalAccess service area, e-mail messages will be automatically stored for up to 7 days and forwarded when the Subscriber returns to the NationalAccess service area. Receiving e-mail attachments and graphics may be limited based on the Equipment model or software. With some Equipment, e-mails received may display only the first 2 kilobytes of information with additional 2 kilobyte increments delivered at the Subscriber's request.

**Data Plans and Features Prohibited Uses:** You may not use our Data Plans and Feature for illegal purposes or purposes that infringe upon others' intellectual property rights, or in a manner that interferes with other users' service, that violates trade and economic sanctions and prohibitions as promulgated by the Departments of Commerce, Treasury or any other U.S. government agency, that interferes with network's ability to fairly allocate capacity among users, or that otherwise degrades service quality for other users. Examples of prohibited usage include: (i) server devices or host computer applications that are broadcast to multiple servers or recipients such that they could enable "bots" or similar routines (as set forth in more detail (ii) below) or otherwise denigrate network capacity or functionality; (ii) "auto-responders," "cancel-bots," or similar automated or manual routines that generate amounts of net traffic that could disrupt net user groups or e-mail use by others; (iii) generating "spam" or unsolicited commercial or bulk e-mail (or activities that facilitate the dissemination of such e-mail); (iv) any activity that adversely affects the ability of other people or systems to use either Verizon Wireless' services or the Internet-based resources of others, including the generation of dissemination of viruses, malware, or "denial of service" attacks; (v) accessing or attempting to access without authority, the information, accounts or devices of others, or to penetrate, or attempt to penetrate Verizon Wireless' or another entity's network or systems; or (vi) running software or other devices that maintain continuous active Internet connections when a computer's connection would otherwise be idle or "any keep alive" functions, unless they adhere to Verizon Wireless' requirements for such usage, which may be changed from time to time.

**Unlimited Data Plans and Features (such as NationalAccess, BroadbandAccess, Push to Talk Plus, and certain VZEmail services) may ONLY be used with wireless devices for the following purposes:** (i) Internet browsing; (ii) email; and (iii) intranet access (including access to corporate intranets, email, and individual productivity applications like customer relationship management, sales force, and field service automation). The Unlimited Data Plans and Features MAY NOT be used for any other purpose. Examples of prohibited uses include, without limitation, the following: (i) continuous uploading, downloading or streaming of audio or video programming or games; (ii) server devices or host computer applications, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, automated machine-to-machine connections or peer-to-peer (P2P) file sharing; or (iii) as a substitute or backup for private lines or dedicated data connections. This means, by way of example only, that checking email, surfing the Internet, downloading legally acquired songs, and/or visiting corporate intranets is permitted, but downloading movies using P2P file sharing services and/or redirecting television signals for viewing on laptops is prohibited. For the Unlimited Broadband Access plans, should a customer exceed 25 GB of data usage within a given bill cycle on any line, for all additional usage for the remainder of the then-current bill cycle for the line that exceeds the data usage, Verizon Wireless will limit data throughput speeds for all additional usage on that line for the remainder of that bill cycle.

For individual use only and not for resale. We will protect our network from harm, which may impact legitimate data flows. We will limit throughput or amount of data transferred, and reserve the right to deny or terminate service, without notice, to anyone we believe is using an Unlimited Data Plan or Feature in any manner prohibited above or whose usage adversely impacts our network or service levels. Anyone using more than 25 GB per line in a given billing cycle is presumed to be using the service in a manner prohibited above, and we reserve the right to immediately terminate the service of any such person without notice. We reserve the right to adjust data throughput limitation thresholds to as low as 5GB in with prior written notice. We also reserve the right to terminate service upon notification to the customer.

**Unlimited VZAccess and VZEmail:** NationalAccess, BroadbandAccess, and GlobalAccess data sessions may be used for the following purposes: (i) Internet browsing, (ii) e-mail, and (iii) intranet access (including access to corporate intranets, e-mail and individual productivity applications like customer relationship management, sales force and field service automation). Unlimited VZAccess, VZEmail and Push to Talk Plus services cannot be used (i) for uploading, downloading or streaming of movies, music or games, (ii) with server devices or with host computer applications, other than applications required for BlackBerry or Wireless Sync service, including, but not limited to, Web camera posts or broadcasts, automatic data feeds, Voice over IP (VoIP), automated machine-to-machine connections, or peer-to-peer (P2P) file sharing, or (iii) as a substitute or backup for private lines or dedicated data connections. Additionally, Unlimited VZEmail services cannot be used for, (i) access to the Internet, intranets or other data networks, except as the Equipment's native applications and capabilities permit, or (ii) for any applications that tether Equipment to laptops or personal computers other than for use of the Wireless Sync or BlackBerry Solutions. Unlimited BroadbandAccess and NationalAccess data sessions automatically terminate after 2 hours of inactivity, unless Subscriber has Mobile IP (MIP) capable Equipment.

**VZEmail Megabyte (MB) Data Plans:** Megabyte allowance and charges for kilobytes over the monthly allowance apply to NationalAccess and BroadbandAccess data sessions and are rounded to next full kilobyte at end of each billing cycle. Only total of kilobytes transmitted above allowance each billing cycle may appear on bill.

**VZEmail Server Software (Wireless Sync Enterprise Server, GoodLink Server & BlackBerry Enterprise Server (BES)):** Verizon Wireless is not the licensor of the Wireless Sync Enterprise Server, GoodLink Server or BES Server and makes no representations or warranties whatsoever, either express or implied, with respect to such servers and associated software. The Wireless Sync Enterprise Server software is manufactured by Intellisync. The GoodLink Server is manufactured by, and sold separately by Good Technology. The BES software is manufactured by Research in Motion ("RIM"). Any license for such software must be obtained directly from the software manufacturer either upon purchase or installation of the software. Customer support for the Wireless Sync Enterprise Server, GoodLink, or BES software must be obtained from the software manufacturer. If Verizon Wireless in its sole discretion determines that a PDA or BlackBerry related inquiry from a Subscriber is related to the Wireless Sync Enterprise Server, GoodLink or BES software and not one concerning Equipment or desktop software, it may transfer the service request to appropriate representatives of the software manufacturer. When you use Microsoft's Exchange ActiveSync, Notify's NotifyLink, or Intellisync's Intellisync Mobile Suite, every time you receive an email or other update you may be charged for an incoming TXT Message. To avoid TXT Messaging charges, you can set up timed synchronization or manually initiate synchronization.

**GlobalAccess:** Global PC Card required for international use. Global PC Cards will not work in the United States or Canada and GlobalAccess Subscribers will need a NationalAccess or BroadbandAccess PC card for domestic use. The domestic and Global PC Cards cannot be used at the same time. GlobalAccess Subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. Verizon Wireless reserves the right to terminate the service of any Subscriber whose total usage is less than half on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. Verizon Wireless SIM Cards are for use only with the Global PC Card and only for the purpose of this service. Subscriber is responsible for any unauthorized use of its SIM Cards and must safeguard security codes. Upon termination of service, Subscriber must destroy SIM Card. By using your Global PC Card outside the United States, Subscriber is solely responsible for complying with all applicable Foreign Laws. Verizon Wireless will not be liable for any damages that result from Subscriber's failure to comply with Foreign Laws.

**GlobalEmail:** GlobalEmail capable equipment required. Verizon Wireless reserves the right to terminate the GlobalEmail service of Subscribers that have less than half of their usage on the Verizon Wireless National Enhanced Services Rate and Coverage Area over three consecutive billing cycles. SIM Cards are for use with GlobalEmail Equipment, and only for the purpose of GlobalEmail service. Customer is responsible for any unauthorized use of SIM Cards, and must safeguard security codes. Upon termination of service, please destroy any applicable SIM Cards. Subscribers using GlobalEmail outside the United States, agree that they are solely responsible for complying with all applicable foreign laws, rules and regulations ("foreign laws"). Customer agrees that Verizon Wireless is not liable for any damages that result from Subscriber's failure to comply with foreign laws. GlobalEmail Subscribers must activate and update their Preferred Roaming lists while in the National Enhanced Services Rate and Coverage Area every three months. TXT messaging billed at standard domestic and international TXT Messaging rates. Existing Verizon Wireless Subscribers migrating to GlobalEmail plans may be required to extend their Line Term.

## Verizon Wireless Private Network Service

**Verizon Wireless Private Network Service ("Private Network"):** Private Network extends Customer's IP network to its wireless equipment by segregating the data between such devices and Customer's servers from the public Internet (the "Internet"). Customer's use of Private Network is subject to the Private Network Roles and Responsibilities Customer Guidelines, which are available from your Sales representative.

**Customer Minimum Line Requirement:** Customer must maintain a minimum of 100 Machine-to-Machine lines at all times during the term of its Agreement in order to remain eligible for Private Network. If Customer falls below the 100-line minimum, Verizon Wireless reserves the right to discontinue Private Network for non-use.

**Connection to Verizon Wireless Facility:** Customer must establish a direct-connect circuit from its facilities to Verizon Wireless's facilities by the use of Virtual Private Network, Verizon Private IP, or Fixed End System connections. Customer is solely responsible for making arrangements with a local access provider for installation and ongoing maintenance of such a connection, with sufficient data throughput to meet Customer's anticipated data needs. Customer is also responsible for all charges incurred directly or through a third party associated with establishing the

connection, as well as for accessing Private Network, including Internet access fees, hardware, software, license fees, and telecommunications charges.

**Customer Provided Equipment (“CPE”):** Customer must procure routers and any other CPE that meet Verizon Wireless requirements for Private Network connectivity. Customer is responsible for ensuring any CPE meets its data capacity and throughput needs.

**IP Addresses:** Customer is responsible for procuring private IP addresses, which must be communicated to Verizon Wireless during implementation. Private Network supports static and dynamic addressing for 1X service and/or EVDO service; 4G LTE service; and Internet addressing system Internet Protocol version 4. Direct Internet access requires static IP addressing.

**Dynamic Mobile Network Routing (DMNR):** DMNR allows configuration of Private Network for dynamic routing to the subnets it serves (up to eight) to other devices on Customer’s network and as support for mobile or stationary routers. DMNR is based off Mobile IPv4-based Network Mobility protocol and requires the router to be configured to support this capability. Customer is responsible for any charges associated with the customization of its CPE to support DMNR.

**Service Based Access (“SBA”):** SBA is an optional configuration of Private Network that enables customers to access Verizon’s Visual Voice Mail; multimedia messaging services; and 3G location-based services assisted Global Positioning System. Customer is responsible for any charges associated with the customization of its CPE to support SBA.

## Verizon Wireless Private Network Traffic Management

**Private Network Traffic Management (PNTM):** PNTM allows Customer to configure its Private Network to allow differentiated Quality of Service (QoS) by application over Verizon Wireless’s LTE network using standards-based IP packet marking. Customer can identify applications on its 4G LTE devices to get priority QoS over its Private Network. Verizon Wireless makes no guarantee of PNTM bandwidth allocations, which are subject to the limitations of wireless service availability as detailed in the Agreement. Customer is responsible for any charges associated with the customization of its CPE to support PNTM.

**PNTM for Public Safety:** Eligible public safety accounts can take advantage of priority access to a data channel over the Wireless Service for its data traffic during times of heavy network demand. While PNTM for Public Safety enables a dedicated data channel, Verizon Wireless makes no guarantee of Wireless Service availability, which is subject to the limitations of wireless service availability as detailed in the Agreement. PNTM for Public Safety is only available to Customers approved by Verizon Wireless that qualify as Public Safety Entities classified by the following NAICS codes a) 621910 Ambulance Services; b) 922110 Courts; c) 22120 Police Protection; d) 922130 Legal Counsel and Prosecution; e) 922140 Correctional Institutions; f) 922150 Parole Offices and Probation Offices; g) Fire Protection; h) 922190 Other Justice, Public Order, and Safety Activities or i) National Security.

**Customer Private Network Contact:** Customer must designate a Private Network representative and provide contact information, including a phone number and email address. The Private Network contact will work with the Verizon Wireless solution engineer through the Private Network implementation and testing processes detailed below. The contact shall be available during business hours and any other time period that Customer utilizes Private Network for the purpose of assisting to resolve service problems and trouble shooting.

**Private Network Implementation and Testing:** Verizon Wireless will implement Customer’s Private Network, which requires Customer to a) provide any information (e.g., account numbers, IP address ranges, router/CPE information) necessary to complete the Private Network Connectivity Form; b) participate in a Private Network turn-up call to ensure that CPE is properly configured to support the Private Network connection; and c) participate in a Solution Validation call to confirm that Private Network is working properly from Verizon Wireless to Customer’s applications.

**Wireless Devices/Network Access:** Customer must use Private Network-compatible end-user Equipment and at Customer’s expense must submit any devices not identified as Private Network compatible to Verizon Wireless, for network testing and Private Network certification. Private Network functionality is available on the Verizon Wireless 3G and 4G data network, subject to the limitations defined in this Addendum. While Private Network functionality may also be available on the networks of Verizon Wireless’ domestic and international roaming partners, Verizon Wireless makes no representation of Private Network availability or reliability on such networks.

**Permitted Use/Fraud:** Customer shall use Private Network only for lawful purposes and shall not send or enable via the Private Network connection, by way of example, any SPAM, viruses, worms, trap doors, back doors or timers, nor shall Customer engage in any mail-bombing or spoofing via Private Network. Customer is responsible for the security of its network and end-user devices and is responsible for any unauthorized access to the Private Network. Verizon Wireless will treat any traffic over the Private Network as authorized by Customer. Verizon Wireless reserves the right but is not obligated to filter fraudulent usage.

**Maintenance/Service Changes/Termination of Private Network Service:** Verizon Wireless may limit access to Private Network in order to perform maintenance to the service and will use reasonable efforts to provide Customer with prior notice of such maintenance. With reasonable advance notice, Verizon Wireless has the right to modify and reconfigure Private Network as it deems necessary to enhance Customer’s experience or to safeguard the Verizon Wireless network. In addition, VERIZON WIRELESS CAN WITHOUT NOTICE LIMIT, SUSPEND OR CANCEL CUSTOMER’S ACCESS TO OR USE OF PRIVATE NETWORK IF CUSTOMER VIOLATES THE RESTRICTIONS OF THIS ADDENDUM OR FOR GOOD CAUSE. Good cause includes (a) breach of the terms of this Addendum or the Agreement; (b) unlawful use of Private Network; (c) using Private Network in a way that adversely affects the Verizon Wireless network or Verizon Wireless’ customers; (d) breach of an obligation of Customer to comply with any applicable federal, state and local government laws, rules and regulations, industry practices, third-party guidelines, or other applicable policies and requirements; (e) the suspension or termination by any governmental body of competent jurisdiction of Customer’s service or the institution of a requirement, ruling or regulation that conflicts with this Addendum; or (f) for operational or governmental reasons.

**No Warranties:** Verizon Wireless makes no warranties, express or implied, with respect to Private Network, which it provides to Customer on an “AS IS” basis “WITH ALL FAULTS” and “AS AVAILABLE.” The accuracy, timeliness, completeness, suitability, or availability of any aspect of Private Network cannot be guaranteed. THE IMPLIED WARRANTIES OF MERCHANTABILITY, FITNESS FOR A PARTICULAR PURPOSE, AND NON-INFRINGEMENT ARE HEREBY EXPRESSLY DISCLAIMED IN THEIR ENTIRETY. The foregoing limitations, exclusions and disclaimers

shall apply to the maximum extent permitted by applicable law. Verizon Wireless makes no representation that it supports any service levels with respect to the availability, performance, capacity, uptime or any similar metrics of Private Network.

**Subject to the Agreement:** The terms of this Addendum supplement the Agreement. The terms of the Agreement are applicable to Customer's use of Private Network. If there are any inconsistencies between the terms of this Addendum and the Agreement, the terms of this Addendum shall control with respect to Private Network.

## Share Option

**Share Option:** Sharing is available only among Government Subscribers on applicable calling plans choosing the Share Option.

**Nationwide Calling Plans.** Current coverage details and additional plan information can be found at [www.verizonwireless.com](http://www.verizonwireless.com). Coverage includes the Verizon Wireless 4G, 3G and 3G Extended networks. Mobile Hotspot is available on all capable devices and allows you to use your device and share data allowance with multiple Wi-Fi enabled devices. **Account Share:** Voice Sharing: At the end of each bill cycle, any unused voice allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the highest overage need.

**Data Sharing:** At the end of each bill cycle, any unused data allowances for lines sharing on the same account will be applied to the overages of the other lines on the same account beginning with the line with the lowest overage need.

## M2M Data Plans and Feature Details

A data session is inactive when no data is being transferred, and may seem inactive while data is actively being transferred to a device, or seem active when actually cached and not transferring data. Customer must maintain virus protection when accessing the service and is responsible for all data sent and received including "overhead" (data that is in addition to user-transmitted data, including control, operational and routing instructions, error-checking characters as well as retransmissions of user-data messages that are received in error) whether or not such data is actually received. Verizon Wireless will not be liable for problems receiving Service that result from Customer's device.

**Megabyte (MB) Data Plans:** M2M data usage is rounded to next full kilobyte at end of each billing cycle. Any unused portion of the megabyte allowance is lost. Equipment will not indicate kilobyte usage.

**NationalAccess Roaming Feature:** Dynamic IP addresses will be assigned when roaming. Usage rounded up to next full kilobyte. For information on where NationalAccess Roaming is available, see [www.verizonwireless.com](http://www.verizonwireless.com).

**Data Roaming:** For more information on roaming visit <http://www.verizonwireless.com/landingpages/international/>.

**Share Options:** Sharing is available only among Government Subscribers on applicable M2M Low Usage and High Usage calling plans.

**Profile Data Sharing.** Customer may activate one (1) share group per profile (Low Usage and High Usage plans cannot share with each other); however, customer may have multiple bill accounts on the same profile. Sharing is available only among M2M Lines on the Mobile Broadband M2M Multi-Account Share Plans on the same profile, in the same usage group. Each sharing M2M Lines unused KBs will pass to other sharing M2M Lines that have exceeded their data allowance during the same monthly bill cycle. Unused KBs will be distributed proportionally as a ratio of the KBs needed by each applicable M2M Line to the total KBs needed by all sharing M2M Lines on the same profile. Customers subscribing to Mobile Broadband M2M Profile Share Plans will be billed on separate billing accounts and invoices from Subscribers to the Mobile Broadband M2M Account Share Plans.

**Account Data Sharing:** Sharing among M2M Lines is available only among M2M Lines active on plans in the same sharing tier. At the end of each bill cycle, any unused data allowances for lines sharing across multiple accounts unused data allowances will be applied proportionally to all lines with overages and bills overage as KB. Plan changes may not take effect until the billing cycle following the change request.

**Note:** <sup>1</sup>A profile is defined as a Customer's overarching account of record under which Customer may have multiple billing accounts
