***Requirements for the Government Unlimited Rate Plan with Subsidy Allowance**

- 1) For the Subsidy to be effective, Customer will activate a line of Service under its Master Account. Each line of Service must be activated and maintained for at least 24 months from the
- 2) Each line of Service must remain active, without suspension, for a 90-day period following the activation ("**Minimum Activations Period**");
- 3) Each line of Service must be activated in accordance with the terms of the Agreement;
- 4) Each line of Service which is activated under the Master Account can only qualify once for a device subsidy during the Initial Term;
- 5) The subsidy cannot be combined with any other discounts, credits or promotional offers; and
- 6) Customer's account with T-Mobile must be in good standing to receive the subsidy.

Minimum Activation Period/Termination. If any line of Service that received a Subsidy or any other future credit that T-Mobile may agree to provide to Customer is terminated prior to the end of the Subsidy Term, then Customer agrees to pay or reimburse T-Mobile the pro rata portion of the Subsidy that has been credited by T-Mobile to the Customer for each terminated line of Service (for purposes of illustration only, if Customer terminates the applicable line 12 months following activation, and if T-Mobile has issued a subsidy of \$150 for such line, then Customer will reimburse T-Mobile \$75 (i.e. 50% [12/24 months] X \$150) for such terminated line). Customer may either (i) pay T-Mobile the aggregate amount of issued subsidy for terminated lines of Service which are terminated before the end of the Subsidy Term within 30 days of termination of the affected lines of Service; or (ii) T-Mobile may charge Customer for the Activation Credits issued for each terminated lines of Service and Customer agrees to pay T-Mobile for the Subsidy issued to Customer for the terminated lines within 30 days of issuance of notice by T-Mobile.

General Rate Plan Terms and Conditions

On all T-Mobile plans, for the small fraction of customers using >50GB/mo., primary data usage must be on smartphone or tablet. Smartphone and tablet usage is prioritized over Mobile Hotspot Service (tethering) usage, which may result in higher speeds for data used on smartphones and tablets. Not all features available on all devices. Unlimited talk & text features for direct communications between 2 people. Not for extended international use; you must reside in the U.S. and primary usage must occur on our network. Device must register on our network before international use. **T-Mobile One General Terms:** Capable device required for some features. U.S. roaming and on-network data allotments differ: includes 200MB roaming. Unlimited talk & text features for direct communications between 2 people; others (e.g., conference & chat lines, etc.) may cost extra. T-Mobile ONE not available for hotspots and some other data-first devices. Video streams at up to 1.5Mbps unless you have an HD Day Pass. Optimization may affect speed of video downloads; does not apply to video uploads. For best performance, leave any video streaming applications at their default automatic resolution setting. **Tethering:** Tethering at max 3G. Service may be terminated or restricted for excessive roaming. **Simple Global:** Usage may be taxed in some countries. Calls from Simple Global countries over Wi-Fi are \$.20/min. (no charge for Wi-Fi calls to US, Mexico and Canada). Standard speeds approx. 128Kbps without Plus; with Plus approx. 256 Kbps. See <http://www.t-mobile.com/optional-services/roaming.html> for included countries and destinations. The list is subject to change at T-Mobile's discretion. **Stateside Int'l Talk:** Calls must originate on T-Mobile's U.S. network or in Canada/Mexico. Rates and included countries vary and may change. On-network and U.S. roaming data allotments differ; includes 200 MB domestic roaming. Partial megabytes rounded up. Select companion smartphone and separate qualifying service on each device required. **Simple Choice North America General Terms:** Additional usage taxed in some countries. Charges apply for calls to other countries. Call forwarding only to U.S. numbers. Partial minutes/megabytes rounded up. Full speeds available up to monthly allotment, including tethering (Unlimited on-smartphone 4G LTE data option includes 14 GB of tethering); then, slowed to up to 2G speeds through bill cycle. Certain uses, e.g., some speed test apps, may not count against high-speed data allotment or have speeds reduced after allotment reached. U.S. roaming and on-network data allotments differ; see your selected service for details. **Data Stash:** Up to 20 GB of on-network data from past 12 months carries over to next billing cycle for as long as you maintain qualifying service. Coverage not available in some areas; we are not responsible for our partners' networks. **Network Management:** Service may be slowed, suspended, terminated, or restricted for misuse, abnormal use, interference with our network or ability to provide quality service to other users, or significant roaming. See T-Mobile.com/OpenInternet for data management details.
