MULTILINE

Sprint MultiLine. Sprint MultiLine is a business grade voice and SMS text service that deploys an additional phone number on a wireless Smartphone via the Sprint MultiLine application (the "MultiLine App"). The Sprint MultiLine Service requires each end user of Customer that Customer authorizes to use the Sprint MultiLine Service (each an "Individual Device Holder") to (i) have a Sprint approved Smartphone, (ii) maintain a usage plan with any wireless telecommunications carrier on such Smartphone, and (iii) download the MultiLine App. Individual Device Holders use their personal mobile device wireless telecommunications carrier network and service plan to facilitate voice calls and SMS texts through the Sprint MultiLine Service and the Individual Device Holder may incur roaming, usage, and overage charges under their personal service plan. Sprint MultiLine is designed to be used primarily for domestic calling within the United States but U.S. International outbound dialing is available for an additional fee. Sprint will charge Customer list pricing on a per minute basis for International outbound dialing unless Customer purchases an International Outbound Calling plan with Sprint. Customer may use a new phone number or port an existing phone number for use with Sprint MultiLine.

A. Sprint MultiLine Options. The following capabilities may be included as described in the table below.

(1) Sprint MultiLine Mobile Recording. Sprint MultiLine Mobile Recording provides the ability to record voice and/or SMS text messages (as applicable depending on the plan) on individual Sprint MultiLine user phone numbers. Recordings will be stored for seven days on the Sprint MultiLine cloud platform. Customers will be given the ability to download recordings to a Customer site archive location.

(2) Sprint MultiLine SMS Redaction. Sprint MultiLine SMS Redaction is a feature that will (i) redact certain sensitive content within a message (either incoming or outgoing) and (ii) block SMS messages in their entirety when such SMS messages contain certain prohibited language. Due to the nature of this service some redactions and/or message blocks may be incorrectly captured or not captured at all and content or messages may not be blocked in all cases.

(3) Sprint MultiLine SMS Opt-in. Sprint MultiLine SMS Opt-In is a feature that seeks to allow Customer to obtain consent of an intended SMS message recipient for further SMS communications before Customer's subsequent SMS message is delivered to such intended recipient. Sprint's provision of this feature does not in any way ensure Customer's compliance with any law or regulation. Sprint does not guaranty that a SMS Opt-in message will be sent in every instance. Customer is responsible for ensuring that Customer has any necessary consent to send the initial message containing SMS Opt-In and for verifying that the intended recipient has approved receipt of further SMS messages before relying on such SMS Opt-in.

B. Sprint MultiLine Pricing

	MRC* PER LINE
Sprint MultiLine	\$13.50
Sprint MultiLine with SMS Recording	\$15.30
Sprint MultiLine with SMS Recording, Sprint MultiLine SMS Opt-In and Sprint MultiLine SMS Redaction	\$18.00
Sprint MultiLine with SMS and Voice Recording	\$22.50
Sprint MultiLine with SMS and Voice Recording, Sprint MultiLine SMS Opt-In and Sprint MultiLine SMS Redaction	\$25.20

* Customer's Service Pricing Discount is not applicable.

C. Sprint MultiLine Add-On Features. Customer may add the following features to the Sprint MultiLine Service for an additional fee as set forth below.

(1) Sprint MultiLine International. The Sprint MultiLine service allows for international outbound calling and International Dialing Plans may be added to Customer's Sprint MultiLine service. If an International Dialing Plan is not added to Sprint MultiLine or if Customer calls a location not covered by their International Dialing Plan, then standard Sprint international calling market rates will apply. Additional information and rates can be found at www.sprint.com/internationalrates.

(a) Sprint MultiLine Unlimited International Calling and Text to Canada. This Add-On Feature provides unlimited international calling and SMS service to Canada.

(b) Sprint MultiLine Unlimited International Calling and Text to 70+ Countries. This Add-On Feature provides unlimited international calling and SMS service to the countries listed at <https://www.sprint.com/en/support/solutions/international/sprint-international-connect-call-text-add-on.html>

D. Sprint MultiLine Add-On Feature Pricing

Sprint MultiLine Unlimited International Calling and Text to Canada	\$5.00
Sprint MultiLine Unlimited International Calling and Text to 70+ Countries	\$15.00

* Customer's Service Pricing Discount is not applicable.

E. Reactivation Fee. If service to a Customer Line on a Sprint MultiLine Plan is terminated, Sprint may charge Customer a reactivation charge of up to \$15 before Sprint reactivates service to the affected Customer Line.

F. Product Annexes. Customer must comply with the Wireless Services Product Annex (Annex 1 to Attachment D) and the Sprint MultiLine Product Annex (Annex 6 to Attachment D) of the Contract DIR-TSO-3432. Capitalized terms not otherwise defined in this Appendix C will have the meaning assigned to such terms in the Wireless Services Product Annex, the Sprint MultiLine Product Annex, or the Contract DIR-TSO-3432.

¹Customer's Service Pricing Discount is not applicable.

²The data allowance for the Smartphone Data Plans includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices. Sprint Mobile Hotspot usage on the Unlimited Data Plan is limited to 30 GBs of usage and does not pool. If Customer's Sprint Mobile Hotspot usage on the Unlimited Data Plan exceeds 10 GBs, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

³Customer will receive a \$20 monthly discount off of the Business Plan above for "BYOD and Full Suggested Retail Price Only" devices to get to the Net MRC listed in the table above. An Unsubsidized device is a device that is (a) purchased from Sprint at full Suggested Retail Price either (i) at the point of sale, or (b) provided by Customer. Discounts are applied within 2 bill cycles and discounts are not prorated

⁴ New activations on the Smartphone Data Plans above are not permitted after May 1, 2020.

⁵Customer will be charged an additional MRC of up to \$25 for any rate plan utilizing a device procurement method that is incompatible with the Device Eligibility row in the table above.

* Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

(1) Sprint Plan for Unsubsidized Device Only includes unlimited Domestic voice, text, Direct Connect®, and Group Connect®; provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services. Direct Connect and Group Connect are available only on select devices.

(2) Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible phone. Where the wireless high speed data network is available and a wireless high speed data-compatible phone is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(3) Customer will receive a \$20 monthly discount off of the Business Plan above for "BYOD and Full Suggested Retail Price Only" devices to get to the Net MRC listed in the table above. An Unsubsidized device is a device that is (a) purchased from Sprint at full Suggested Retail Price either (i) at the point of sale, or (b) provided by Customer. Discounts are applied within 2 bill cycles and discounts are not prorated.

(4) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Wireless Data Connection Device in excess of: (i) the total data usage allowed by Customer's plan, (ii) 100 MB/month while Roaming in total, or (iii) a majority of kilobytes while Roaming; provided that Customer's Wireless Data Connection Devices on "unlimited" Business Plans will not be subject to the Data Services limitation but are subject to the Roaming limitations; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

SPRINT BUSINESS SHARE PLUS PLANS FOR HANDSET, TABLET, AND MOBILE BROADBAND

Sprint Business Share Plus Plans

A. Sprint Business Share Plus Plans for Handset, Tablet, and Mobile Broadband

Shareable Data Plan Allowance Per Line in Gigabytes ("GB")	Customer Line ¹ MRC	Eligible Devices	Additional MRC per Customer Line for Subsidized Devices
1 GB	\$15	Feature Phone, Tablet, Mobile Broadband	\$5 for Feature Phones Not applicable for Tablet or Mobile Broadband
3 GB	\$20	Smartphone, Feature Phone, Tablet, Mobile Broadband	\$5 for Feature Phones \$25 for Smartphones Not applicable for Tablet or Mobile Broadband
5 GB	\$30	Smartphone, Feature Phone, Tablet, Mobile Broadband	\$5 for Feature Phones \$25 for Smartphones Not applicable for Tablet or Mobile Broadband

¹ A "Customer Line" is the same as a "Corporate-Liable Active Unit," as defined in the Wireless Services Product Annex (Annex 1 to Attachment D).

(1) Smartphone and feature phone devices utilizing the Sprint Business Share Plus plans above for Handsets receive unlimited Domestic voice and text; provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services. In addition, the Sprint Business Share Plus plans above for Handsets include unlimited international text for text messages sent to, or received from, over 180 countries while the phone is located in the United States (subject to phone capability). Additional charges apply for text messages sent or received while Roaming internationally. More information is available at sprint.com/international.

(2) The data allowance includes any Sprint Mobile Hotspot usage for Sprint Mobile Hotspot capable devices.

(3) Customer Lines activated on Sprint Business Share Plus plans are subject to a data Roaming limit of 100 MBs or a majority of kilobytes ("KBs") per line. Data Roaming limits are not sharable with other lines. This Roaming limitation includes Sprint Mobile Hotspot usage. Sprint will bill Customer \$0.25/MB for any data Roaming usage above the data Roaming limit. Additional charges for both the rate plan's data allowance and the data Roaming limit may occur.

(4) Shareable data usage will be aggregated among devices on the Sprint Business Share Plus plans for Handset, Tablet, and Mobile Broadband set forth in the table above if such devices are activated and maintained under the same billing account number. Aggregated data is consumed on a first come first served basis until the allowance is exhausted. Additional data usage after the aggregated allowance is exhausted will be billed at \$0.005/megabyte ("MB") (\$5/GB). Data is not shareable with Sprint Business Share Plus for Machine-to-Machine rate plans.

(a) Customer may not exceed 600 Customer Lines obtained through any combination of Installment Agreements and Business Lease Agreements per BAN. Subsidized Devices, wireless devices purchased in one payment at full SRP, and wireless devices provided by Customer are not subject to a limit.

(5) The data usage limitations and restrictions set forth in the Wireless Services Product Annex (Annex 1 to Attachment D) apply to the Sprint Business Share Plus Plans.

(6) Sprint Business Share Plus Plans are not eligible for the Corporate Service Pricing Discount.

Each Shared Data Plan must reside in its own billing account number (“BAN”). One Customer Line on each Shared Data Plan BAN pays the Shared Data Plan MRC according to rows above. In addition, every Customer Line on a Shared Data Plan BAN will pay a \$10 access MRC. Customer will pay an additional access MRC for each Subsidized Device activated on a Share Data Plan, as set forth above (depending on device type, e.g. Feature Phone or Smartphone, Netbook and Notebooks).

Shared Data Plans include unlimited Domestic voice, text, and Sprint Direct Connect Plus®; provided that Roaming is limited to 800 minutes or a majority of minutes for voice Services. Sprint Direct Connect Plus® is available only on select devices. In addition, the Shared Data Plans include unlimited international text for text messages sent to, or received from, over 180 countries while a Customer Line is located in the United States. Additional charges apply for messages sent or received while a Customer Line is Roaming internationally. More information is available at sprint.com/international. Data sharing takes place only within the same BAN. Each Customer Line on the BAN will utilize the data within the Shared Data Plan on a first come first served basis until the data allowance is exhausted. The data allowance for the Shared Data Plans includes any Sprint Mobile Hotspot usage for capable devices. Any data usage above the Shared Data Plan allowance will be billed for data overage at \$0.005/megabyte (“MB”) (\$5/GB). For Shared Data Plan with Customer Line Limit = None, Customer may not exceed 600 Customer Lines obtained through any combination of Installment Agreements and Business Lease Agreements per BAN. Subsidized Devices, wireless devices purchased in one payment at full SRP, and wireless devices provided by Customer are not subject to a Customer Line limit for these Shared Data Plans. Shared Data Plans with a data allowance of up to 200 GB include the ability to carryover unused data from a billing period to future billing periods. If Customer changes Business Plans, unused carryover data is not transferred. The maximum amount of data available to Customer in a billing period may not exceed two times the Business Plan data allowance. Customer Lines activated on Shared Data Plans are subject to a data Roaming limit of 100 MBs or a majority of kilobytes (“KBs”) per Customer Line. This Roaming limitation includes Sprint Mobile Hotspot usage. Roaming data usage does not pool. Sprint may bill Customer \$0.25/MB for any data Roaming usage above the data Roaming limit.

A. Third party, non-Sprint branded M2M Devices that have been approved by Sprint for use on the Sprint M2M Networks ("Third Party M2M Devices") may be activated on any of the Sprint M2M Plans set forth in the table above. In addition, Sprint-branded devices purchased from Sprint for use with M2M Services ("Sprint M2M Devices") may be available for use with the Sprint M2M Plans. Sprint reserves the right to limit the Sprint M2M Devices that can be used with the Sprint M2M Plans.

B. If Customer's data usage in a given month exceeds the Sprint M2M Plan's data allowance or data Roaming allowance, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the Sprint M2M Plan's data allowance and data Roaming allowance.

C. Data usage on the Sprint M2M Plans will be pooled among M2M Devices in the same Pool Group and activated on the same billing account number. Data Roaming limitations are applied on a per M2M Device basis and Roaming data usage does not pool.

D. The data usage limitations and restrictions set forth in the Wireless Services Product Annex (Annex 1 to Attachment D) will apply to the Sprint M2M Plans, and the Sprint M2M Plans are not eligible for any discounts.

E. Third Party M2M Devices

(1) Third Party M2M Devices. Customer may purchase Third Party M2M Devices from Sprint or a third party. The pricing for Third Party M2M Devices purchased from Sprint is not included in the Business Plan MRC. Third Party M2M Devices purchased from Sprint are not eligible for a discounted device price.

(2) SIM Cards. For International M2M Services, Customer must purchase SIM Cards from a Sprint-authorized third party.

SEASONAL STANDBY PLAN - M2M	
Sprint Machine-To-Machine ("M2M") Seasonal Standby Plan.	
<p>Description. The Sprint M2M Seasonal Standby Plan allows Customer to place its M2M Devices on inactive status for a period not to exceed 6 consecutive months. Only M2M Devices that have been active on another Business Plan for a minimum of 3 consecutive months are eligible for the Sprint M2M Seasonal Standby Plan. At the end of the inactive status period, all M2M Devices on the Sprint M2M Seasonal Standby Plan will be automatically migrated back to a basic M2M Business Plan unless Customer notifies Sprint in writing at least 30 days prior to the expiration of the Sprint M2M Seasonal Standby Plan and specifically requests a particular M2M Business Plan. An M2M Device may only be placed on the Sprint M2M Seasonal Standby Plan once during the Term of this Attachment. Time spent as inactive on the Sprint M2M Seasonal Standby Plan does not count toward the fulfillment of an M2M Device's Minimum Service Term or for upgrade eligibility. An M2M Device's Minimum Service Term, and the number of months contributing to upgrade eligibility, will be extended for the length of time the M2M Device spent as inactive on the Sprint M2M Seasonal Standby Plan. Sprint reserves the right to limit further the devices that can be used with this Business Plan. The Sprint M2M Seasonal Standby Plan may not be available in all Sprint tools, including self-service tools such as Enhanced Account Manager. Sprint reserves the right to remove the Sprint M2M Seasonal Standby Plan at any time.</p>	
Pricing. Sprint will charge Customer the following charges for each M2M Device on the Sprint M2M Seasonal Standby Plan:	
MRC	\$0.99* per M2M Device
*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.	
(1) M2M Devices on the Sprint M2M Seasonal Standby Plan will not have access to any voice or data features.	
Sprint Data Link	Your Cost
SHRA/NAT Premium Add-On	\$10.00
The Sprint Data Link option provides Customer simple Data Link connectivity via IPVPN, MPLS or Sprint Link Frame Relay (SLFR). A one-time Data Link network connectivity fee of \$500 will apply to new Data Link customers.	
SHRA/NAT Add-On to Sprint Data Link. This add-on is for Data Link customers utilizing one or both of the Sprint value-added services listed below. There is no additional one-time charge of \$500 when SHRA and/or NAT are added. SHRA and NAT can only be activated on select devices. Customer may contact its Sprint Account Representative for current eligible wireless devices.	
Sprint Static IP	Your Cost
Sprint Static IP	\$1.00 per IP Address
<p>A. If Customer purchases a Sprint data Business Plan, Sprint offers Public Static IP for an additional \$1 MRC per IP address per month. Public Static IP is not available with Sprint Data Link, and may not be available for all deployments. More information is available by contacting Customer's Sprint Account Representative.</p> <p>B. Maintenance. In order to maintain the quality of Sprint Products and Services, Sprint will perform preventative maintenance and software updates to the Sprint Networks and Sprint 4G Network. (1) "Scheduled Maintenance" is performed for functions such as hardware and software upgrades and network optimization. Sprint will perform Scheduled Maintenance at times that are anticipated to minimize disruption of Customer's service and activity. Sprint will use commercially reasonable efforts to provide advance notice of all Scheduled Maintenance. (2) "Demand Maintenance" may occur as a result of unexpected events and is performed when Sprint network elements are in jeopardy. Sprint will perform Demand Maintenance at Sprint's discretion. Due to the nature of Demand Maintenance, prior notification may not be possible; however, Sprint will inform Customer when maintenance is complete.</p>	

SPRINT SEASONAL STANDBY PLAN – For Tablets and Connection Cards

A. Description. The Sprint Seasonal Standby Plan allows Customer to place Tablet and Connection Card devices on inactive status for a period not to exceed 3 consecutive months. Only Corporate-Liable Active Units that have been active on another Business Plan for a minimum of 3 consecutive months are eligible for the Sprint Seasonal Standby Plan. At the end of the inactive status period, all Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will be moved to a generally available Business Plan, which will depend on the applicable device type, unless Customer notifies Sprint in writing at least 30 days prior to the expiration of the Sprint Seasonal Standby Plan and specifically requests a particular Business Plan. Customer may incur usage charges in addition to the new Business Plan MRC. Time spent as inactive on the Sprint Seasonal Standby Plan does not count toward the fulfillment of a Corporate-Liable Active Unit's Minimum Service Term. A Corporate-Liable Active Unit's Minimum Service Term, and the number of months contributing to upgrade eligibility, will be extended for the length of time the Corporate-Liable Active Unit spent as inactive on the Sprint Seasonal Standby Plan. Sprint reserves the right to limit the devices that can be used with this Business Plan. The Sprint Seasonal Standby Plan may not be available in all Sprint tools, including self-service tools such as Enhanced Account Manager. Sprint reserves the right to remove the Sprint Seasonal Standby Plan at any time.

B. Pricing. Sprint will charge Customer the following charges:

MRC	\$5.00* per Corporate-Liable Active Unit
------------	---

*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

(1) Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will not have access to any voice or data features. Customer will be liable for any applicable taxes, fees, charges and surcharges.

C. Service Credits, Wireless Device Discounts, Rebates. Corporate-Liable Active Units on the Sprint Seasonal Standby Plan are not eligible for service credits, wireless device discounts, or rebates.

Overage charge for additional data Roaming usage	\$0.25/MB
Data Pooling	Included

A. Third party, non-Sprint branded M2M Devices that have been approved by Sprint for use on the Sprint M2M Networks ("Third Party M2M Devices") may be activated on any of the Sprint Wireless Backup Plan set forth in the table above. In addition, Sprint-branded Mobile Broadband devices purchased at full Suggested Retail Price from Sprint for use with M2M Services ("Wireless Backup Devices") may be available for use with the Sprint Wireless Backup Plan. Sprint reserves the right to limit the Wireless Backup Devices that can be used with the Sprint Wireless Backup Plan.

B. If Customer's data usage in a given month exceeds the Sprint Wireless Backup Plan's data allowance or data Roaming allowance, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the Sprint Wireless Backup Plan's data allowance and data Roaming allowance.

C. Data usage on the Sprint Wireless Backup Plan will be pooled among Wireless Backup Devices in the same Pool Group and activated on the same billing account number. Data Roaming limitations are applied on a per Wireless Backup Device basis and Roaming data usage does not pool.

D. The data usage limitations and restrictions set forth in the Wireless Services Product Annex (Annex 1 to Attachment D) will apply to the Sprint Wireless Backup Plan, and the Sprint Wireless Backup Plan is not eligible for any discounts.

E. Third Party M2M Devices

(1) Third Party M2M Devices. Customer may purchase Third Party M2M Devices from Sprint or a third party. The pricing for Third Party M2M Devices purchased from Sprint is not included in the Business Plan MRC. Third Party M2M Devices purchased from Sprint are not eligible for a discounted device price.

(2) SIM Cards. For International M2M Services, Customer must purchase SIM Cards from a Sprint-authorized third party.

UNSUBSIDIZED WIRELESS DATAPLANS

3G/4G Connection Card Plan.

A. Description. The 3G/4G Connection Card Plan provides both EVDO (using CDMA technology) and Sprint 4G data functionality in certain coverage areas of the United States. Sprint 4G Network coverage is not available everywhere and requires a Sprint 4G Network data-compatible connection card. Customer may contact its Sprint Account Representative or visit www.sprint.com/coverage for current coverage areas and applicable wireless devices. Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

B. 3G/4G Connection Card Plan Charges – Unsubsidized Only

MRC ¹	\$10.00	\$22.99

Overage charge for additional data Roaming usage above plan limit	\$0.25 per MB ²	\$0.25 per MB ²
Device Eligibility	Unsubsidized Only ⁵	Unsubsidized Only ⁵

¹ MRC is net of all discounts. Customer’s Service Pricing Discount is not applicable.

² If Customer’s data usage in a given month exceeds the plan’s data Services limitation or data Roaming limitation, Customer will be liable for the overage charges set forth in the table above. Customer may be liable for both overage charges if Customer’s usage in a given month exceeds both the plan’s Data Services limitation and Data Roaming limitation.

³ Once each of Customer’s individual devices exceeds the plan’s Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer’s data usage in a given month exceeds the plan’s Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

⁴ Unlimited use available while on the Sprint network. Sprint reserves the right to throttle, modify or suspend wireless data Service to a Wireless Data Connection Device on the 3G/4G Unlimited for Acceptable Use Plan above if such Wireless Data Connection Device exceeds 25GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable “bots” or similar routines.

⁵ An Unsubsidized Device is a device that is (a) purchased from Sprint at full Suggested Retail Price either: (i) at the point of sale, or (b) provided by Customer (BYOD).

(1) The 3G/4G Connection Card Plan includes combined data usage on the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network, up to the plan’s data Services limitation. Wireless high speed data coverage is not available everywhere and requires a wireless high speed data-compatible device. Where the wireless high speed data network is available and a wireless high speed data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

(2) Premium Services content is not available with this Business Plan.

(3) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are intended to be used for web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used to disrupt email use by others using automated or manual routines, including, but not limited to, “auto-responders” or cancel bots or other similar routines; to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, “junk mail”, unsolicited commercial or bulk email, or fax; or for activities adversely affecting the ability of other people or systems to use either Sprint’s Wireless Services or other parties’ Internet-based resources, including, but not limited to, “denial of service” (DoS) attacks against another network host or individual user.

(4) Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex (Annex 1 to Attachment D).

(5) Customer will receive an additional MRC charge of \$7 on any Sprint subsidized devices that are activated on any of the unsubsidized plans in this section in addition to the MRC shown above.

Customer may be liable for both overage charges if Customer's usage in a given month exceeds both the plan's Data Services limitation and Data Roaming limitation.

³ Once each of Customer's individual devices exceeds the plan's Data Services limitation, Sprint will throttle data speeds to 128kb for remainder of the billing cycle with no additional charges. If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

⁴ Unlimited use available while on the Sprint network. Sprint reserves the right to throttle, modify or suspend wireless data Service to a Device on an Unsubsidized Tablet Plan above if such Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

A. The Unsubsidized Tablet Plans include combined data usage on the Sprint 4G Network, the Sprint 3G Network and the Nationwide Sprint Network, up to the plan's data Services limitation. Wireless high-speed data coverage is not available everywhere and requires a wireless high-speed-data-compatible device. Where the wireless high-speed data network is available and a wireless high-speed-data-compatible device is used, Corporate-Liable Active Units will first attempt to connect to the Sprint 4G Network, then the Sprint 3G Network, and then will default to the Nationwide Sprint Network depending on coverage and network availability.

B. Premium Services content is not available with this Business Plan.

C. Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are intended to be used for web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; or for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user.

D. Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex (Annex 1 to Attachment D).

E. Customer will receive an additional MRC charge of up to \$25 on any Sprint subsidized devices that are activated on any of the unsubsidized plans in this section in addition to the MRC shown above.

SPRINT MOBILE HOTSPOT ADD-ON

F. Sprint Mobile Hotspot Add-On. Sprint Mobile Hotspot Add-On may be added for an additional MRC. Sprint Mobile Hotspot Add-On requires an eligible Voice/Data bundled Business Plan or an eligible voice Business Plan and an eligible Sprint Data Plan. Sprint Mobile Hotspot Add-On is only available on certain Hotspot capable wireless devices. Sprint Mobile Hotspot Add-On usage is separate from underlying plan usage.

MRC	\$10.00*

¹ If Customer's data usage in a given month exceeds the Data Services limitation, Customer will be liable for the overage charges set forth in the table above.

² Unlimited use available while on the Sprint network. Sprint will throttle to 64kb and reserves the right to modify or suspend wireless data Service to a Device on the Unsubsidized Tablet Plans above if such Device exceeds 5GB/month of data usage, 100 MB/month of usage while Roaming or engages in the following prohibited uses: server devices or host computer Applications, including, but not limited to, continuous streaming video and Web camera posts; automatic data feeds; automated continuous streaming machine-to-machine connections; or peer-to-peer (P2P) file-sharing Applications broadcasting to multiple servers or recipients such that they could enable "bots" or similar routines.

³ If Customer's data usage in a given month exceeds the plan's Data Roaming limitation, Customer will be liable for the overage charges set forth in the table above.

(1) All data usage (device and Mobile Hotspot) will count against the Sprint Mobile Hotspot Add-On Data Services limitation when the Mobile Hotspot functionality is turned on.

(2) Sprint reserves the right, without notice or limitation, to limit throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend wireless Service if a wireless Product engages in any of the prohibited data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect the Sprint Networks or Sprint 4G Network from harm or degradation. Sprint wireless data Services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on-line gaming. Sprint wireless data Services may not be used: (a) to generate excessive amounts of Internet traffic through continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web, video surveillance, or gaming hosting; (b) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (c) to disrupt email use by others using automated or manual routines, including, but not limited to, "auto-responders" or cancel bots or other similar routines; (d) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax; (e) for activities adversely affecting the ability of other people or systems to use either Sprint's Wireless Services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (f) for an activity that connects any device to personal computers (including, but not limited to, laptops), or other equipment for the purpose of transmitting wireless data over the Sprint Networks or Sprint 4G Network (unless Customer is using a plan designated for such usage); (g) by a Corporate-Liable Active Unit in excess of: (i) the total data usage allowed by Customer's plan, (ii) 300 MB/month while Roaming for a plan equal to or greater than 5GB/month in total or 100 MB/month while Roaming for a plan less than 5 GB/month in total, or (iii) a majority of kilobytes while Roaming; or (h) for any other reason that, in Sprint's sole discretion, violates Sprint's policy of providing Service for individual use.

(3) Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex (Annex 1 to Attachment D).

- (1) Certain data usage restrictions and limitations apply and are set forth in the Wireless Services Product Annex (Annex 1 to Attachment D).
- (2) Neither Static IP nor Data Link is permitted with the rate plan that throttles after 15 GB. Should Sprint determine that Customer is utilizing Data Link or Static IP with the rate plan that throttles after 15 GB, Sprint reserves the right to discontinue service.
- (3) Data Link is required on all lines using the 15GB rate plan that includes Like-Plan Pooling. Should Sprint determine that Customer is not using Data Link with the 15GB rate plan that includes Like-Plan Pooling, Sprint reserves the right to discontinue service.
- (4) Seasonal Standby plan as outlined may be utilized annually for no more than 3 months.
- (5) Minimum Service Term of the Non-Sprint Inventoried Embedded Computing Connection for Chromebook plan is 12 Months.
- (6) Data will be pooled among devices in the rate plans in the table above provided all subscribers are on the same rate plan and same BAN.
- (7) Should Customer cancel service on a subscriber line, the cancelled device may not be put back in service for a minimum of 180 days, without Sprint's consent.
- (8) Sprint reserves the right to limit the devices that can be used with this Business Plan. This Business Plan is only available to Customer Lines domiciled in the United States.

SPRINT SEASONAL STANDBY PLAN – For Chromebooks

A. Description. The Sprint Seasonal Standby Plan allows Customer to place Chromebook devices on inactive status for a period not to exceed 3 consecutive months. Only Corporate-Liable Active Units that have been active on another Business Plan for a minimum of 3 consecutive months are eligible for the Sprint Seasonal Standby Plan. At the end of the inactive status period, all Corporate-Liable Active Units on the Sprint Seasonal Standby Plan will be moved to a generally available Business Plan, which will depend on the applicable device type, unless Customer notifies Sprint in writing at least 30 days prior to the expiration of the Sprint Seasonal Standby Plan and specifically requests a particular Business Plan. Customer may incur usage charges in addition to the new Business Plan MRC. Time spent as inactive on the Sprint Seasonal Standby Plan does not count toward the fulfillment of a Corporate-Liable Active Unit's Minimum Service Term. A Corporate-Liable Active Unit's Minimum Service Term, and the number of months contributing to upgrade eligibility, will be extended for the length of time the Corporate-Liable Active Unit spent as inactive on the Sprint Seasonal Standby Plan. Sprint reserves the right to limit the devices that can be used with this Business Plan. The Sprint Seasonal Standby Plan may not be available in all Sprint tools, including self-service tools such as Enhanced Account Manager. Sprint reserves the right to remove the Sprint Seasonal Standby Plan at any time.

B. Pricing. Sprint will charge Customer the following charges:

SPRINT SECURE WI-FI

A. Secure Wi-Fi. The following options may be added to a Sprint voice Business Plan on a per-Corporate-Line basis for the listed additional MRC, unless otherwise noted.

B. Description. Secure Wi-Fi is a Smart VPN Application (the "Secure Wi-Fi Application") that helps protect users of certain smartphones and tablets while they are using Wi-Fi. Once enabled, the Secure Wi-Fi Application automatically turns on when a user joins an unsecured Wi-Fi network and turns off when the user returns to the cellular network or otherwise disconnects from the unsecured Wi-Fi network. Additionally, the user may opt in to utilize the Secure Wi-Fi Application when engaging a password-protected Wi-Fi network. Secure Wi-Fi may detect if a Customer VPN has been invoked by the user, in which case Secure Wi-Fi will not activate as the overlap of VPN technologies would be redundant. Unsecured Wi-Fi traffic that isn't encrypted (http), is then encrypted by the Secure Wi-Fi Application through geographically distributed, cloud-based servers. Secure Wi-Fi helps to protect against malicious users and content seeking to misuse private data transmitted over a Wi-Fi hotspot, but Sprint does not guarantee complete security for Customer data because vulnerabilities may still exist and could be exploited.

C. Secure Wi-Fi. Secure Wi-Fi may be added for an additional MRC. Secure Wi-Fi requires an eligible Sprint Business Plan.

D. Pricing.

Secure Wi-Fi License MRC per subscription	\$1.99*
---	---------

*MRC is net of all discounts. Customer's Service Pricing Discount is not applicable.

E. Customer's use of the Secure Wi-Fi Application is subject to Customer's acceptance of the Secure Wi-Fi End User License Agreement available at http://static.sprintsecurewifi.com/Customers/Sprint/HTML/sswf_privacy_and_terms.html as may be amended from time to time. If Sprint chooses to make a change to the Secure Wi-Fi End User License Agreement and the Customer reasonably determines such a change has a material adverse effect on the Customer's use of the Secure Wi-Fi Application, then the Customer may terminate the affected Secure Wi-Fi Application for convenience without incurring any early termination liability relating to the discontinuance of the affected Secure Wi-Fi Application.

F. The Secure Wi-Fi product and plan features may change at Sprint's sole discretion.

G. Technical Support. For technical support related Secure Wi-Fi, Customer should submit a technical request form to support@sprintsecurewifi.com with a clear description of the technical difficulty.

SPRINT SECURE MOBILE AI

A. Description. Sprint Secure Mobile AI offers advanced on-device mobile threat protection. Developed specifically for mobile devices, Sprint Secure Mobile AI seeks to mitigate threats to mobile devices and their applications from cyber-attacks by providing device risk assessments and threat alerts. Organizations can minimize exposure of their sensitive data and reduce the likelihood that their customers and partners' data would be jeopardized by malicious and fraudulent activity. The solution provides an on-device detection agent that seeks to protect the entire device, not just mobile applications, from multiple attack vectors, including anti-virus, next generation Anti-Virus, anti-phishing and MTTM.

B. Terms and Conditions. Customer's use of the Sprint Secure Mobile AI is subject to Customer's acceptance of the Sprint Secure Mobile AI End User License Agreement available at <https://www.zimperium.com/zimperium-eula> as may be amended from time to time.

(1) Customer will receive a system-generated email from the Sprint Productivity Marketplace for each order placed. The email will contain a prompt for Customer to click-to-accept the Sprint Software as a Service Terms of Service, as well as any Application Specific Terms. Customer must click the accept button in the email to complete the order and gain access to the software.

(2) In the event of a conflict between the terms and conditions of this DIR Contract and the Sprint Productivity Marketplace Terms of Service, the Sprint Productivity Marketplace Terms of Service shall control for the purchase and use of all Sprint Software as a Service.

(3) Sprint provides Sprint Secure Mobile AI on an "as-is" basis with no warranties and makes no representations of any kind, express or implied, with respect to the Sprint Secure Mobile AI service. Sprint grants Customer a limited, revocable, non-exclusive, non-transferable license to use Sprint Secure Mobile AI for Customer's individual use. Customer may not sell, resell, transfer, copy, translate, publish, create derivative works of, make any commercial use of, modify, reverse engineer, decompile, or disassemble the software. This license may be revoked at any time.

(4) Sprint Secure Mobile AI can transmit information via a Wi-Fi connection or a cellular connection, not included herein.

(5) Sprint Secure Mobile AI pricing, terms and conditions are subject to change without prior notice to Customer.

(6) Product and plan features may change at [VENDOR]'s sole discretion.

C. Pricing. For each Sprint Secure Mobile AI option that Customer chooses, Sprint will charge Customer the applicable Monthly Recurring Charge(s) ("MRC") per end-user or Annual Recurring Charge(s) "ARC" at the Customer level, as identified in the table below, unless otherwise noted. Customers seeking a complete downloadable app should choose Sprint Secure Mobile AI Licenses (SMB or Ent) whereas Customers seeking to integrate the service into an existing app should choose Sprint Secure Mobile AI zIAP. Additionally, Customer may select additional services requiring an ARC, charged at the Customer level.

Sprint Secure Mobile AI License SMB (MRC)	\$3.25
Sprint Secure Mobile AI License ENT (MRC)	\$3.25
Sprint Secure Mobile AI Dedicated (ARC)	\$48,000
Sprint Secure Mobile AI On-prem (ARC)	\$80,000
Sprint Secure Mobile AI zIAP (MRC)*	\$0.50

*The Sprint Secure Mobile AI zIAP product targets threat protection only for the app into which it is integrated.

D. CUSTOMER SERVICE. If Customer experiences any service problems and requires assistance, Customer may contact Sprint Business Care at 800-927-2199.

GEOTAB GO9 SOLUTION

A. General

(1) MyGeotab is a cloud-based fleet management Application from Geotab, Inc. ("Geotab"). The Business Plans set forth in this section are available only for activation on Geotab's GO9 devices utilizing the MyGeotab Application. Equipment, including GO9, accessories, installation, professional services, and maintenance support are not included. Customer may purchase these products and services from Sprint or a Sprint-authorized provider for an additional charge. In addition, Customer must purchase a Sprint Data Access Business Plan that includes at least 5MB of data. In Sprint's sole discretion, MyGeotab may not be purchased in conjunction with certain Sprint promotions or contests.

(2) Customer's use of the MyGeotab Application is subject to acceptance of the Geotab End User Agreement Terms and Conditions presented to Customer upon first log-in to the MyGeotab Application ("Geotab Terms"). Customer may log-in to the MyGeotab Application at <http://my.geotab.com>. The Geotab Terms are subject to change without prior notice to Customer.

(3) For technical support related to Customer's Geotab solution, including MyGeotab, Customer should call (800) 397-7102.

Sprint Data Access Plans are required for the Geotab GO9 solution. Additionally, Customer must use a separate device (e.g. tablet or smartphone) with a separate wireless service plan to utilize the "Hours of Service" feature, where available. Please see your Sprint Account representative for details.
