Technology Based Conferencing Services

Name of Service	Price	Unit Type
Professional/Event Services (continued)		
Silver Event Producer Package provides a minimal set of event services for events where a full service approach is not needed.	\$892.50	fixed fee
Multi-session Event Monitor Package (requires Platinum, Gold, Silver)	\$629.34	fixed fee
Event Producer–Hourly Services is based on providing one hour of assistance. 0.5 hour incremental charge past initial hour of service. This is good if you need assistance with an event, speaker training, or a dry run. This service provides a Event Producer for ad-hoc services as you need.	\$315.18	per hour
Event Dry-Run/Training Session for additional or standalone 90-minute session for up to 8 speakers at once. Schedule a session and have an Event Producer train you on the web conferencing technology or practice your presentation. An Event Dry-Run/Training session is included in the Gold and Platinum level event producer packages.	\$577.32	fixed fee
Speaker Sub-Conference Administration/Management-Based on providing one hour of assistance. 0.5 hour incremental charge past initial hour of service. Includes management of a dedicated speaker line. This provides the speakers the freedom to speak and interject throughout the event using speaker sub-conference service. A speaker sub-conference is created and bridged to the main webinar, speakers can mute and unmute their own lines, advance slides and pass control as if a standard webinar. Speaker sub-conference includes the ability for speakers to have a green room and speak among themselves prior to the start of the webinar or debrief after the event.	\$393.72	fixed fee
Webinar/Webcast Content development services-based on providing one hour of assistance (minimum charge 0.5 hours). Our content development services can save agencies time and money as consultants understand PowerPoint, multimedia and what does or does not work in the webinar technology, plus they have the benefit of seeing what has or has not worked for other customers.	\$315.18	per hour
Email Design Services-E-mail/html design services on an hourly rate (0.5 hour minimum charge). If you need help creating an email invitation, our design group will help you craft the perfect email.	\$210.12	per hour
AT&T Embedded Video Editing and Encoding-Consultation limited to one hour, editing limited to one hour, video length up to 30 minutes-encoding one format. We can use our experience and best practices to prepare a video for inclusion in your next webinar.	\$315.18	fixed fee
