Additionally, the parties by mutual agreement may extend the term for up to ninety (90) additional calendar days.

7. Statement of Work

A) Services provided under this Contract shall be based on the Sample Statement of Work as set forth in Appendix C of this Contract. Customers may negotiate the terms and conditions of a SOW to suit their business needs, so long as the SOW terms and conditions do not conflict with this Contract.

B) Conflicting or Additional Terms

In the event that conflicting or additional terms in Statement of Work or linked or supplemental documents amend or diminish the rights of DIR Customers or the State, such conflicting or additional terms shall not take precedence over the terms of this Contract.

In the event of a conflict, any linked documents may not take precedence over the printed or referenced documents comprising this contract; provided further that any update to such linked documents shall only apply to purchases or leases of the associated Vendor product or service offering after the effective date of the update; and, provided further, that, if Vendor has responded to a solicitation or request for pricing, no update of such linked documents on or after the initial date of Vendor's initial response shall apply to that purchase unless Vendor directly informs Customer of the update before the purchase is consummated.

In the event that different or additional terms or conditions would otherwise result from accessing a linked document, agreement to said linked document shall not be effective until reviewed and approved in writing by Customer's authorized signatory.

Vendor shall not [without prior written agreement from Customer's authorized signatory,] require any document that: 1) diminishes the rights, benefits, or protections of the Customer, or that alters the definitions, measurements, or method for determining any authorized rights, benefits, or protections of the Customer; or 2) imposes additional costs, burdens, or obligations upon Customer, or that alters the definitions, measurements, or method for determining any authorized costs, burdens, or obligations upon Customer.

If Vendor attempts to do any of the foregoing, the prohibited documents will be void and inapplicable to the contract between DIR and Vendor or Vendor and Customer, and Vendor will nonetheless be obligated to perform the contract without regard to the prohibited documents, unless Customer elects instead to terminate the contract, which in such case may be identified as a termination for cause against Vendor.

The foregoing requirements apply to all contracts.

8. Vendor Performance Monitoring

Vendor shall be monitored for performance under the contract. The term 'performance monitoring' means measuring, analyzing and managing a vendor's ability to comply with their contractual obligations. Vendor performance monitoring may include but is not limited to the areas of pricing, quality, performance, responsiveness and timeliness. Vendor shall comply with all requirements set forth in the contract including but not limited to submission of monthly sales reports, administrative fees, insurance information and website requirements. Should Vendor fail to comply with such contract requirements, Vendors contract will be subject to immediate termination for non-performance and shall be reported to the Vendor Performance Tracking System. This termination will be for cause but will not be subject to any advance notice or opportunity to cure.

Reporting of vendor performance is mandated by the Texas Government Code, §2262.055 and §2155.089, and 34 Texas Administrative Code, §20.509 and §20.115. The requirement applies to purchases over \$25,000 from contracts administered by the CPA or any other purchase over \$25,000 made through delegated authority granted by CPA, purchases made

pursuant to Government Code Chapter 10, Subtitle D, or purchases exempt from CPA procurement rules and procedures.
