Summary

The Department of Information Resources (DIR) is pleased to announce an expedited bulk purchase/lease of personal computers, laptops, tablets, monitors, peripherals, accessories, and related services. With the passage and immediate effective date of S.B. 261 from the recently concluded legislative session, DIR may now contract for the bulk purchase of information technology commodity items intended for use by more than one state agency, without being constrained by certain dollar limitations that may otherwise have precluded a bulk purchase.

By tapping into our existing contractual vehicles through our Cooperative Contracts program, DIR anticipates a much-shortened procurement process. DIR has concluded vendor negotiations and customers may now issue purchase orders. The time period for placing orders will cross fiscal years, so agencies will be able to use either Fiscal Year 2017 or Fiscal Year 2018 dollars toward these purchases through December 31, 2017.

The following sections list configurations for desktops, laptops, tablets, monitors, accessories and related services. Lenovo (United States), Inc. (Lenovo) built into the base price for each configuration a 3 year warranty. If needed, DIR customers may upgrade this service as listed in the Available Add-On items for listed configurations. Also included in this document are the specifications related to items listed.

Instructions for ordering

There is no minimum order quantity under the bulk purchase. Regardless of the number of items purchased, each customer will pay the same, discounted, unit price for items including but not limited to laptops, desktops, tablets, monitors, accessories, and related services listed in the following sections.

You may work with Lenovo or authorized resellers on contract, including HUBs. In addition, DIR could not anticipate every accessory item needed by each customer. If a specific cable or other accessory item is not listed, please contact your Lenovo rep for Bulk Purchase discount on that item.

Once ready to order, please include the DIR contract number (DIR-TSO-3808) on your purchase order as well as the following statement, "DIR Hardware Bulk Purchas Initiative BP2017-01." Please submit your PO directly to Lenovo or the reseller, and forward a copy of your PO to bulk.purchase@dir.texas.gov.

Please note, if any state agency is unable to utilize the options provided by Lenovo or other participating manufacturer for bulk purchase, the state agency must follow the threshold guidelines of SB20 for purchases made prior to September 1, 2017, and the revised thresholds of SB533 for purchases made on or after September 1, 2017.

DIR Contact Information

For questions regarding the DIR's Bulk Purchase Initiative, please contact:

Kelly Parker, CTCM, CTPM
Director, Cooperative Contracts

Desktop Configurations and Pricing

Standard Use Desktop

This category is the most common configuration and is intended to meet a wide range of user requirements, from occasional users to call center operators to case workers to researchers and knowledge workers. It offers capacity and resources needed to do the job for DIR customer workforce.

Standard Use Desktop				
	Model #	MSRP	Bulk Purchase Program Base Price	Specifications Attached

Warranty	All models	5WS0D81042	\$99	\$70	Upgrade from 3yr NBD to 5yr NBD warranty

Laptop Configurations

Standard Laptop

This category is intended for the mobile workforce. The processor and hard drive are optimized for extended battery life. This is someone who works outside the traditional office environment most of the time. These workers may use their laptops in a variety of non-office environments, including hotels, airports and customer sites.

Standard Laptop
