SECTION II. STATEMENT OF PURPOSE

- A. The purpose of this Contract is to allow the State of Oklahoma and its governmental affiliates to purchase technology goods and services through DIR Cooperative Contracts and to afford the DIR assistance from time to time with certain procurement functions.
- B. The parties agree that the obligations and benefits set forth herein do not constitute a joint or cooperative undertaking and, therefore, do not require a separate legal entity, budget or financing. The parties further agree that nothing contained herein shall authorize the acquisition, holding or disposing of property jointly by DIR and OMES-IS.
- C. This Contract does not create an employment relationship between the parties. Employees of either party performing services required by this Contract are not employees of the other party and, accordingly, shall not be eligible for rights or benefits accruing to employees of the other party including but not limited to health insurance benefits, workers' compensation insurance, paid vacation or other leave, or any other employee benefit.

SECTION III. BACKGROUND

- A. The State of Texas, acting by and through DIR, has established a Cooperative Contracts program allowing for the purchase of information technology goods and services by a governmental entity of Texas or another state. Cooperative Contracts established by DIR comply with the competitive procurement requirements established in Texas law. In 2014, DIR and OMES-IS entered into an agreement which allowed the State of Oklahoma and its governmental affiliates to purchase technology goods and services through DIR Cooperative Contracts and to afford the DIR assistance from time to time with certain procurement functions. Given the mutual success of the pilot

program, DIR and OMES-IS have agreed to continue the program in the terms outlined under this agreement.

B. OMES-IS designated DIR Cooperative Contracts as a Preferred Source to the extent permitted by applicable Oklahoma law and the underlying Cooperative Contracts for information technology and telecommunication goods and services purchases by Oklahoma executive state agencies and governmental affiliates to achieve cost savings and improve efficiency. "Governmental affiliates" is meant to encompass any Oklahoma public entity allowed to use the coop contracts, whether an executive, legislative or judicial state agency, school or a local, county or other similar public entity.

C. DIR and OMES-IS will share administrative fees equally for purchases made in connection with this Contract as outlined under this agreement.

SECTION IV. STATEMENT OF TERMS AND RESPONSIBILITIES.

A. DIR

1. DIR will allow the State of Oklahoma and its governmental affiliates to procure those information technology and telecommunication goods and services available through existing and future Vendor Cooperative Contracts, in accordance with specifications from the procuring entity. All DIR Vendor Cooperative Contracts will be made available to OMES-IS via the DIR Internet web site. If a formal vendor protest occurs with respect to any such Cooperative Contract, DIR will comply with the vendor protest procedures under Texas Administrative Code Title 1, Part 10, Chapter 201, §201.1. DIR shall notify the Chief Information Officer of Oklahoma if a formal protest is filed and the disposition of such formal protest related to any Vendor Cooperative Contract covered under this Contract.
2. DIR will provide its DIR Board approved annual procurement plans to OMES-IS within a reasonable time after approval. Draft annual procurement plans may be provided to OMES-IS upon request based on a reasonable business purpose.
3. Subject to the provisions of Section VII, Confidentiality, DIR will notify OMES-IS of any substantial problem in quality or service in relation to a vendor under a DIR Cooperative Contract, to the extent that DIR is made aware of the problem and, upon reasonable request, will update OMES-IS with respect to progress toward resolution of such vendor problem.

B. OMES-IS

1. OMES-IS will designate DIR Cooperative Contracts as a Preferred Source for information technology and telecommunication goods and services to the extent permitted by applicable law. For the purposes of this Contract, "**Preferred Source**" shall mean and refer to a designation by OMES-IS that the Cooperative Contract pool shall be utilized for applicable procurements by executive state agencies in precedence behind state-wide mandatory contracts. The precedence shall be recommended to governmental affiliates as well. Both parties acknowledge that OMES-IS does not have the authority to require governmental affiliates to adhere to the precedence set forth by OMES-IS for executive state agencies. The State of Oklahoma shall bear no liability for the acts or omissions of a procuring entity that is not a state agency and privity of contract with respect to purchases

and performance by such procuring entity shall exist solely between the respective vendor and such procuring entity.

2. Each procuring entity will issue a Purchase Order directly to the relevant vendor in accordance with the ordering instructions posted on the DIR Internet website.
3. Subject to the provisions of Section VII, Confidentiality, OMES-IS will notify DIR of any substantial problem in quality or service in relation to a vendor under a DIR Cooperative Contract, to the extent that OMES-IS is made aware of the problem and, upon reasonable request, will update DIR with respect to progress toward resolution of such vendor problem.
4. For issues between DIR and the State of Oklahoma, acting by and through OMES-IS, in connection with the terms of this Contract, Texas law will apply, with the site of performance stipulated as Travis County, Texas. The parties stipulate that there are no third party beneficiaries to this Contract.
5. Oklahoma procuring entities may, to the extent allowed by Oklahoma law, rules, and associated procurement procedures and processes, negotiate with any vendor for special terms and conditions in a purchase order, addendum, vendor statements of work or service level agreements, such as remedies, acceptance criteria, venue, choice of law, VPAT requirements, information confidentiality and security requirements, and other terms specific to the transaction to the extent such terms and conditions do not conflict with or diminish a term or condition of the DIR Cooperative Contract.
6. Upon request by DIR, OMES-IS will provide available personnel to assist in the procurement of Cooperative Contracts. DIR will provide OMES-IS, in advance of assistance being provided, applicable Texas-specific requirements of law, rules, regulations, policy, procedure and business processes and DIR will have the right of oversight by DIR procurement personnel. The parties agree to cooperate in good faith to plan and schedule any such assistance. Assistance may be requested in the following areas, or other areas as determined by the parties:
 - a) Subject matter expert;
 - b) Evaluation of offers;
 - c) Drafting of procurement specifications;
 - d) Vendor and Oklahoma affiliate outreach; and
 - e) Development of marketing plans for Oklahoma governmental affiliates.
7. OMES-IS will provide a summary of its projected annual technology purchasing plans, including the Oklahoma executive state agencies and governmental affiliates, to DIR by June 1 of each year. The summary shall include both goods and services and related price estimates, covering the annual period from September 1 to August 31.
8. OMES-IS will work with Oklahoma governmental affiliates to resolve material disputes involving purchases made pursuant to this Contract, including acceptance of goods and services or payments to vendors, before escalating such disputes to DIR. Subject to OMES-IS first attempts at resolution, DIR shall assist Oklahoma procuring entities in resolving such disputes.

SECTION V. FEES FOR SERVICES

A. Sharing of Administrative Fees

In consideration for (a) OMES-IS designating DIR Cooperative Contracts as a Preferred Source of information technology and telecommunication goods and services, and (b) the additional benefits to DIR described in this Contract, DIR agrees to share Cooperative Contracts administrative fees collected by DIR attributable to purchases made by Oklahoma governmental entities during the term of this Contract. The administrative fee revenue shall be distributed to DIR and OMES-IS equally.

2. Notwithstanding the above, the exclusive venue for litigation related to an Oklahoma Customer's use of a DIR Cooperative Contract in which DIR is named as a party will be in the state district courts of Travis County, Texas.
3. Nothing in this Contract will be construed to waive the sovereign or official immunity of any party or person.

SECTION VII. AUDIT RIGHTS.

A. DIR

1. Acceptance of funds under this Contract by OMES-IS acts as acceptance of the authority of the State Auditor's Office, DIR or any successor agency, to conduct an audit or investigation in connection with those funds. OMES-IS further agrees to cooperate fully with the State Auditor's Office or its successor in the conduct of the audit or investigation, including providing all records reasonably requested. OMES-IS will ensure that this clause concerning the authority to audit funds received indirectly by subcontractors through OMES-IS and the requirement to cooperate is included in any subcontract it awards pertaining to the Contract. Under the direction of the Legislative Audit Committee, a vendor that is the subject of an audit or investigation by the State Auditor's Office must provide the State Auditor's Office with access to any information the State Auditor's Office considers relevant to the investigation or audit.
2. OMES-IS shall maintain adequate records to establish compliance with this Contract until the later of a period of seven (7) years after termination of the Contract or until full, final and unappealable resolution of all Compliance Check or litigation issues that arise under the Contract. OMES-IS shall grant access to all paper and electronic records, books, documents, accounting procedures, practices and any other items relevant to the performance of the Contract to the DIR Internal Audit department or DIR Contract Management staff.

B. OMES-IS

1. As used in this Contract, "records" includes books, documents, accounting procedures and practices, and other data, regardless of type and regardless of whether such items are in written form, in the form of computer data, or in any other form. DIR agrees any pertinent state or federal agency shall have the right to examine and audit all records relevant to execution and performance of this Contract.
2. DIR shall retain records relative to this Contract for the duration of this Contract and for a period of seven (7) years following completion and/or termination of this Contract. If an audit, litigation, or other action involving such records is started before the end of the seven-year period, the records are required to be maintained for two (2) years from the date that all issues arising out of the action are resolved, or until the end of the seven (7) year retention period, whichever is later.

SECTION VIII. CONFIDENTIALITY.

DIR and OMES-IS acknowledge that each party is a state agency subject to the Texas Public Information Act and the Oklahoma Open Records Act, respectively. Each party will comply with its applicable state and federal law and related Attorney General opinions regarding confidential and otherwise protected information including but not limited to the Texas Public Information Act and the Oklahoma Open Records Act. Information designated as "confidential" by either party will remain in the ownership of the providing party and shall be treated in accordance with the law applicable to the providing party.

The parties agree to cooperate in good faith with regard to matters affecting confidential information. This Section of the Contract shall survive termination of the Contract.

SECTION IX. TERM OF CONTRACT.

The term of this Interlocal Procurement Participation Agreement shall be two (2) years commencing on the last date of approval by DIR and OMES-IS. Prior to expiration of the original term, DIR may extend this Interlocal Procurement Participation Agreement, by amendment, for up to one (1) optional two-year term and one (1) optional one-year extension. Additionally, the parties by mutual agreement may extend the term for up to ninety (90) additional calendar days.

Either party, upon written notice, may terminate this contract on thirty (30) days advance written notice. In the event this Contract expires or is terminated for any reason, the State of Oklahoma and its governmental affiliates shall retain its rights under this Contract, any Purchase Order issued and additional terms and conditions agreed to between a procuring entity and a vendor prior to the expiration or termination of this Contract. A Purchase Order, vendor contract amendment or other similar document survives the expiration or termination of the Contract for its then effective term.

Following termination of this Contract, DIR will apportion and distribute administrative fees applicable to surviving Purchase Orders in accordance with the terms of this Contract.
