Shared Services Software Purchasing Guide

March 2018

Shared Services Purchasing Options

Transaction Types	MF and Server Software			Application COTS Software			Software Installation Services and/or Training			Infrastructure as a Service (IaaS)			Platform as a Service (PaaS)			Software as a Service (SaaS)		
	DCS	MAS	MSS	DCS	MAS	MSS	DCS	MAS	MSS	DCS	MAS	MSS	DCS	MAS	MSS	DCS	MAS	MSS
Software Service Charge (SSC) per description in Exhibit 4	X				X													
SaaS per description in Exhibit 4																X (3)	X 45)	
Hardware Service Charge (HSC) and Hybrid Cloud Services (HCS) RUs per description in Exhibit 4										X			X					
May be included in Application Development milestones description in SOW (1)														X				
Pass Through (2)							X											

This table captures software and Software as a Service (SaaS) expenses that would be invoiced separately to STC Customers based on their requests. It does not include purchases by Software Providers that are included in base charges / rates

(1) Platform as a Service (PaaS) can be utilized as part of development but must migrate to DCS infrastructure for production / maintenance. Costs are in accordance with Exhibit 4

(2) Atos = 3%, Enterprise Services = 4.95%, AT&T = 5%, Capgemini = 0%, Xerox = 3%, Allied = 0%
   SB 20 / SB 533 rules apply to all pass through services
   Pass through categories for MAS and MSS are still under discussion and would need to be approved by DIR

(3) Infrastructure SaaS only, used by SCP per Attachment B

(4) Application SaaS only, configured and/or managed by MAS SCP
